Psycho social and family issues of Visually Impaired

Section Id : 709597161
Section Number : 1
Section type : Online
Mandatory or Optional: Mandatory
Number of Questions: 100
Number of Questions to be attempted: 100
Section Marks: 100
Display Number Panel: Yes
Group All Questions: No

Sub-Section Number: 1
Sub-Section Id: 709597183
Question Shuffling Allowed : Yes

Question Number : 1 Question Id : 70959715151 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Dysphonic and irritable mood are the depressive symptoms observed in individuals with -
-----impairment

- a) Visual
- b) Hearing
- c) Speech
- d) Physical

Question Number : 2 Question Id : 70959715152 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Individuals with visual impairment may experience visual hallucinations as a direct symptom of -----

- a) vision loss
- b) hearing loss
- c) mentally retarded
- d) low vision

Question Number : 3 Question Id : 70959715153 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

All senses are used for -----

- a) Learning
- b) hearing
- c) speaking
- d) writing

Question Number : 4 Question Id : 70959715154 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

The dimension of effect will depend on the -----

- a) Level of disability
- b) degree of disability
- c) age
- d) severity

Question Number : 5 Question Id : 70959715155 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Pre-lingual loss has more significant effects on -----

- a) severity
- b) Development
- c) education
- d) perception

Question Number : 6 Question Id : 70959715156 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Persons with ----- impairment cannot do any activity like normal.

- a) Hearing
- b) speech
- c) visual
- d) physical

Question Number : 7 Question Id : 70959715157 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Deafness prevents mastering of -----

- a) Writing
- b) reading
- c) speech
- d) perception

Question Number : 8 Question Id : 70959715158 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

One of the parental reactions to their blind child is-----

- d) idea

Question Number : 30 Question Id : 70959715180 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Vision training is otherwise known as -----

- a) Visual acuity
- b) visual field
- c) visual motor
- d) vision therapy

Question Number : 31 Question Id : 70959715181 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

. To enhance visual performance -----therapy is more useful

- a) vision
- b) motor
- c) psycho
- d) behavioural

Question Number : 32 Question Id : 70959715182 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Treatments for focusing, binocularity, and eye movement problems -----therapy

is more useful

- a) vision
- b) motor
- c) psycho
- d) behavioural

Question Number : 33 Question Id : 70959715183 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Improving visual efficiency and visual processing is the main goal of -----

- a) Visual acuity
- b) visual field
- c) visual motor
- d) vision training

Question Number : 34 Question Id : 70959715184 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

To coordinate the eyes after surgery for squint , -----training is more useful

- a) vision
- b) motor
- c) Speech
- d) auditory

Question Number : 35 Question Id : 70959715185 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Correcting Lazy eye , patching the eye and doing various exercises, ----- training is more useful

- a) vision
- b) motor
- c) Speech
- d) auditory

Question Number : 36 Question Id : 70959715186 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

The aims of vision training is to make best use of -----

- a) Speech
- b) motor
- c) auditory
- d) vision

Question Number : 37 Question Id : 70959715187 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

The aims of vision training is to learn about and understand his -----

- a) Environment
- b) family
- c) school
- d) siblings

Question Number : 38 Question Id : 70959715188 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

One of the effective aspects in visual training is -----

- a) Visual Efficiency
- b) Visual acuity
- c) visual field
- d) visual motor

Question Number : 39 Question Id : 70959715189 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

To utilize the residual power of vision, the visually impaired child require -----

- a) Visual Efficiency
- b) Visual acuity
- c) visual field
- d) visual aids

Question Number : 40 Question Id : 70959715190 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Visual acuity means

- a) The power of the eye to distinguish form
- b) Sharpness of vision
- c) Clarity of vision
- d) Distance vision, amount of vision and clarity of vision

Question Number : 41 Question Id : 70959715191 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Visual field means

- a) Whole area seen
- b) Whole area seen when looking straight ahead
- c) Whole area seen when looking straight ahead with moving head or eyes
- d) 100 degree

Question Number : 42 Question Id : 70959715192 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Number of new cases in a population at a specified period of time is called ___ of that condition

- a) prevalence
- b) incidence
- c) percentage
- d) statistics

Question Number : 43 Question Id : 70959715193 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Total number of cases of a condition in a population a specified period of time would be known

as _____

- a) prevalence
- b) incidence
- c) percentage
- d) ratio

Question Number : 44 Question Id : 70959715194 Question Type : MCQ Option Shuffling : No Display Question Number : Yes
Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

“Acceptance of disabilities is important”. This statement indicates

- a) an attitude
