Read the passage carefully and answer questions 11 to 15 :

Today, in the digital age, who owns information owns the future. In this digital world, we face a fundamental choice between open and closed. In an open world information is shared by all freely available to everyone. In a closed world information is exclusively owned and controlled by a few. Today, we live in a closed world a world of extraordinary and growing concentrations in power and wealth. A world where innovation is held back and distorted by the dead hand of monopoly; where essential medicines are affordable only to the rich, where freedom is threatened by manipulation, exclusion and exploitation; and each click you make, every step you take, they will be watching you. By contrast, in an open world all of us would be enriched by the freedom to use, enjoy and build on everything from statistics and research to newspaper stories and books, from software and films to music and medical formulae. In an open world, we would pay innovators and creators more and more fairly, using market-driven remuneration rights in place of intellectual property monopoly rights. As they have improved, digital technologies have taken on ever more of the tasks that humans used to do, from manufacturing cars to scheduling appointments. And in the next few decades, artificial intelligence may well be not only driving our cars for us but drafting legal contracts and performing surgery. On the face of it, we have much to gain if machines can spare us tedious or routine tasks and perform them with greater accuracy. The danger, though, is that robots run on information-software, data algorithms and at present the ownership of this sort of information is unequal. And because it is protected by our closed system of intellectual property rights.

नीचे दिए गए परिच्छेद को सावधानीपूर्वक पढ़ें और प्रश्न 11 से 15 तक के उत्तर दें :

आज के डिजिटल युग में, जो सूचना का स्वामी है वही भविष्य का स्वामी होगा। इस डिजिटल दुनिया में हमें मुक्त और निर्मुक्त के बीच बुनियादी चयन करना है। एक मुक्त संसार में सभी सूचना को साझा करते हैं - यानि यह सबके लिए मुक्त रूप से उपलब्ध होती है। एक संवृत संसार में सूचना पर कुछेक का अनन्य रूप से स्वामित्व और नियंत्रण होता है। आज हम एक संवृत दुनिया में निवास करते हैं। इस दुनिया में धन और शक्ति का असाधारण रूप से और सतत केंद्रीकरण हो रहा है। एक दुनिया जहाँ नवाचार को अतिशय एकाधिकार द्वारा हतोत्साहित और विकृत किया जाता है; जहाँ आवश्यक दवायें सिर्फ अमीरों की पहुँच में हैं; जहाँ स्वतंत्रता के छल-साधन, बहिष्करण और शोषण के कारण खतरे में पड़ जाती हैं; और आपके द्वारा किये गये हर क्लिक, उठाये गये हर कदम की वे निगरानी कर रहे हैं। इसके विपरीत, एक मुक्त दुनिया में हम सब हर चीज, जैसे सांख्यिकी और शोध से लेकर समाचार पत्र की रपटें और किताबें, सॉफ्टवेयर और फिल्म से ले कर संगीत और चिकित्सीय सूत्र, के प्रयोग, उपयोग और संवर्धन की आजादी से लाभान्वित होंगे। एक मुक्त दुनिया में हम नवाचारकों और सर्जकों को बौद्धिक संपदा एकाधिकारों की बजाये बाजार चालित पारितोषिक अधिकारों के आधार पर ज्यादा से ज्यादा उचित भुगतान करेंगे। डिजिटल तकनीकों में सुधार के साथ आज वे कार निर्माण से लेकर मुलाकात का समय तय करने तक मानव द्वारा किए जाने वाले ज्यादा से ज्यादा काम निपटा रही हैं। और आने वाले कुछ दशकों में, कृत्रिम प्रज्ञा न सिर्फ हमारे लिए कार चला रही हो सकती है बल्कि संभव है कि वह विधिक अनुबंध तैयार करने और शल्य चिकित्सा का काम भी करने लगे। प्रकटतः, यदि मशीन हमारे दैनंदिन के जटिल कार्यों को ज्यादा कुशलता से करने लग जाए तो इससे हमें काफी फायदा होगा। हालांकि इसमें खतरा यह है कि रोबोट सूचना-सॉफ्टवेयर, आंकड़ा कलन-विधि के आधार पर चालित होते हैं और फिलहाल इस प्रकार की सूचना का स्वामित्व असमान है। और चूंकि यह हमारे संवृत बौद्धिक संपदा अधिकार तंत्र द्वारा संरक्षित है।
