

DU MPhil PhD in Social Work

Topic:- DU_J19_MPHIL_SW

1) Which of the following about Grounded Theory method is true?

[Question ID = 908]

1. It examines the ways in which people use everyday conversations to construct a common-sense view of the world [Option ID = 3632]
2. It was proposed by Edmond Husserl [Option ID = 3631]
3. It is a theory which elaborates on the experiences of the communities [Option ID = 3630]
4. It is a systematic method of analyzing and collecting data to develop middle range theories [Option ID = 3629]

Correct Answer :-

- It is a systematic method of analyzing and collecting data to develop middle range theories [Option ID = 3629]

2) Which of the following is not true about the PM – Kisan Samman Nidhi launched by the Government of India with effect from December 2018?

[Question ID = 871]

1. Under the scheme, an income support of Rs.6000/- per year in three equal instalments will be provided to small and marginal farmer families [Option ID = 3483]
2. Definition of family for the scheme covers husband, wife and minor children [Option ID = 3482]
3. It is a government scheme with 50% contribution each from Central and State governments [Option ID = 3481]
4. The families should have combined land holding/ownership of upto 2 hectares [Option ID = 3484]

Correct Answer :-

- It is a government scheme with 50% contribution each from Central and State governments [Option ID = 3481]

3) Which of the following is not true about Pradhan Mantri Shram Yogi Mandhan Yojana launched in February 2019?

[Question ID = 873]

1. It aims to cover people in the unorganised sector [Option ID = 3490]
2. Once the scheme matures, a person will be entitled to a monthly pension of Rs 1500/ [Option ID = 3489]
3. The age limit of the candidates for contribution is between 18- 40 years [Option ID = 3492]
4. It requires the interested candidate to contribute in the pension account [Option ID = 3491]

Correct Answer :-

- Once the scheme matures, a person will be entitled to a monthly pension of Rs 1500/ [Option ID = 3489]

4)

A non-probability sampling method where each person interviewed is asked to suggest additional persons for interviewing is called [Question ID = 900]

1. Convenience sampling [Option ID = 3600]
2. Purposive sampling [Option ID = 3598]
3. Snowball sampling [Option ID = 3599]
4. Quota sampling [Option ID = 3597]

Correct Answer :-

- Snowball sampling [Option ID = 3599]

5) An employer refuses to give employment to a woman in the manufacturing unit by providing justification that being a woman she will not be able to manage the work load. The employer is [Question ID = 915]

1. Ignorant about the potential of modern women [Option ID = 3659]
2. Using his/her right to recruit and select the candidate suitable for a job [Option ID = 3657]
3. Unable to appreciate the relation between job specification and person specification [Option ID = 3660]
4. Prejudiced [Option ID = 3658]

Correct Answer :-

- Prejudiced [Option ID = 3658]

6) The actual list of sampling units from which the sample is selected is called [Question ID = 868]

1. Sampling frame [Option ID = 3469]
2. Parameters [Option ID = 3471]
3. Variables [Option ID = 3472]
4. Observation unit [Option ID = 3470]

Correct Answer :-

- Sampling frame [Option ID = 3469]

7) Who viewed social stratification in three dimensions which are class, status and party? [Question ID = 881]

1. Samir Amin [Option ID = 3524]
2. Max Weber [Option ID = 3523]
3. Karl Marx [Option ID = 3521]
4. Emile Durkheim [Option ID = 3522]

Correct Answer :-

- Max Weber [Option ID = 3523]

8) The book *Philosophy of Poverty* was written by [Question ID = 912]

1. Jan Bremen [Option ID = 3647]
2. Friedrich Engels [Option ID = 3648]
3. Pierre- Joseph Proudhon [Option ID = 3646]
4. Karl Marx [Option ID = 3645]

Correct Answer :-

- Pierre- Joseph Proudhon [Option ID = 3646]

9) Immersion, incubation, illumination and explication are the terms associated with [Question ID = 894]

1. Heuristic research [Option ID = 3573]
2. Unobtrusive measures of data collection [Option ID = 3576]
3. Discourse Analysis [Option ID = 3574]
4. Content analysis [Option ID = 3575]

Correct Answer :-

- Heuristic research [Option ID = 3573]

10) The study of methodological principles of interpretation is called [Question ID = 875]

1. Phenomenalism [Option ID = 3500]
2. Ethnomethodology [Option ID = 3499]
3. Deontology [Option ID = 3497]
4. Hermeneutics [Option ID = 3498]

Correct Answer :-

- Hermeneutics [Option ID = 3498]

11) Time series designs are a set of [Question ID = 874]

1. Quasi experimental designs [Option ID = 3494]
2. Measurements for calculating sampling ratio [Option ID = 3496]
3. Measurements for calculating bias in sample [Option ID = 3495]
4. Experimental designs [Option ID = 3493]

Correct Answer :-

- Quasi experimental designs [Option ID = 3494]

12) With which of the following approaches are Hypothetico Deductive Methods associated?

[Question ID = 880]

1. Post modernism [Option ID = 3519]
2. Positivism [Option ID = 3517]
3. Constructivism [Option ID = 3520]
4. Interpretivism [Option ID = 3518]

Correct Answer :-

- Positivism [Option ID = 3517]

13) The combination of methodologies in the study of the same phenomenon is referred to as [Question ID = 901]

1. Triangulation [Option ID = 3602]
2. Positivism [Option ID = 3604]
3. Data source mixing [Option ID = 3603]
4. Pragmatism [Option ID = 3601]

Correct Answer :-

- Triangulation [Option ID = 3602]

14) The stages of economic growth given by W.W. Rostow are [Question ID = 911]

1. Traditional society, take off, drive to maturity and age of mass consumption [Option ID = 3641]
2. Traditional society, preconditions to take off, take off, modern society and age of mass consumption [Option ID = 3644]
3. Traditional society, preconditions to take off, take off, drive to maturity and age of mass consumption [Option ID = 3643]
4. Traditional society, preconditions to take off, drive to maturity, maturity and age of mass consumption [Option ID = 3642]

Correct Answer :-

- Traditional society, preconditions to take off, take off, drive to maturity and age of mass consumption [Option ID = 3643]

15) Ecological approach in social work refers to [Question ID = 899]

1. Creating opportunities for social work intervention in the field of environment [Option ID = 3593]
2. None of these [Option ID = 3596]
3. An approach which looks at environment degradation as a major reason for poverty [Option ID = 3595]
4. An approach which provides strategies for social workers to move from micro level intervention to macro level social treatment [Option ID = 3594]

Correct Answer :-

- An approach which provides strategies for social workers to move from micro level intervention to macro level social treatment [Option ID = 3594]

16) Sampling ratio in systematic sampling is represented by which of the following formulae? [Question ID = 904]

1. Population size/ sample size [Option ID = 3613]
2. Population size/ geographical distribution of samples [Option ID = 3614]
3. Sample size/ population size [Option ID = 3615]
4. Sample size/ geographical distribution of samples [Option ID = 3616]

Correct Answer :-

- Sample size/ population size [Option ID = 3615]

17) The Nobel Peace Prize 2018 to Nadia Murad and Denis Mukwege was awarded [Question ID = 898]

1. For their efforts to bring humanitarian challenges facing refugees to the fore front [Option ID = 3590]
2. For their efforts to empower women in third world countries through economic self-reliance [Option ID = 3589]
3. For their efforts to end child labour and child sexual abuse [Option ID = 3591]
4. For their efforts to end the use of sexual violence as a weapon of war and armed conflict [Option ID = 3592]

Correct Answer :-

- For their efforts to end the use of sexual violence as a weapon of war and armed conflict [Option ID = 3592]

18) The concept "*paradigm shift*" is largely attributed to which of the following thinkers? [Question ID = 889]

1. Immanuel Kant [Option ID = 3556]
2. Max Weber [Option ID = 3554]
3. Thomas Kuhn [Option ID = 3555]
4. Karl Popper [Option ID = 3553]

Correct Answer :-

- Thomas Kuhn [Option ID = 3555]

19) Logical Framework Analysis refers to the [Question ID = 910]

1. The tool to analyse the qualitative data in research [Option ID = 3640]
2. The tool for planning and managing development projects [Option ID = 3639]
3. The analysis of the impact of the projects on the communities [Option ID = 3637]
4. The analysis of the conceptual framework in a research study [Option ID = 3638]

Correct Answer :-

- The tool for planning and managing development projects [Option ID = 3639]

20) An overly strict limitation on the kinds of concepts and variables to be considered as causes in explaining a broad range of human behaviour is referred to as

[Question ID = 888]

1. Induction [Option ID = 3552]
2. Binding [Option ID = 3549]
3. Deduction [Option ID = 3551]
4. Reductionism [Option ID = 3550]

Correct Answer :-

- Reductionism [Option ID = 3550]

21) The terms *Shishu*, *Kishore* and *Tarun* pertain to [Question ID = 914]

1. The tree plantation drive undertaken by the Ministry of Environment [Option ID = 3655]
2. The POCSO Act, 2012 [Option ID = 3656]
3. Stages of growth and funding needs of beneficiary micro units in Mudra Yojana [Option ID = 3653]
4. The learning level of the children in government secondary schools [Option ID = 3654]

Correct Answer :-

- Stages of growth and funding needs of beneficiary micro units in Mudra Yojana [Option ID = 3653]

22) The term *accretion* used in unobtrusive measures of data collection means [Question ID = 887]

1. The study of people's actions without their knowledge [Option ID = 3546]
2. The study of archives to understand the patterns of life [Option ID = 3548]
3. The physical material that may get used up as a result of human activity [Option ID = 3545]
4. The physical material that may accumulate as a result of human activity [Option ID = 3547]

Correct Answer :-

- The physical material that may accumulate as a result of human activity [Option ID = 3547]

23) Match the following authors with their books

S.NO Author	S.NO Book
1 Sudhir Venkatesh	A Middletown: A Study in Modern American Culture
2 Howard S. Becker	B The Remembered Village
3 M.N. Srinivas	C Gang Leader for a Day: A Rogue Sociologist Takes to the Streets
4 Robert Lynd and Helen Lynd	D Boys in White

[Question ID = 891]

1. 1D 2A 3B 4C [Option ID = 3563]
2. 1C 2D 3B 4A [Option ID = 3562]
3. 1B 2C 3A 4D [Option ID = 3561]
4. 1A 2D 3C 4B [Option ID = 3564]

Correct Answer :-

- 1C 2D 3B 4A [Option ID = 3562]

24) Variables such as gender, religious affiliation and birth place are examples of [Question ID = 884]

1. Ordinal measures [Option ID = 3534]
2. Nominal measures [Option ID = 3533]
3. Ratio measures [Option ID = 3536]
4. Interval measures [Option ID = 3535]

Correct Answer :-

- Nominal measures [Option ID = 3533]

25) Who amongst the following is known for the Theory of Urban Bias? [Question ID = 916]

1. B.F. Hoselitz [Option ID = 3661]
2. Hamza Alavi [Option ID = 3662]
3. Samir Amin [Option ID = 3664]
4. Michael Lipton [Option ID = 3663]

Correct Answer :-

- Michael Lipton [Option ID = 3663]

26) Trend Studies, Cohort Studies and Panel Studies are

[Question ID = 870]

1. Examples of both longitudinal and cross-sectional studies [Option ID = 3478]
2. Types of cross-sectional studies [Option ID = 3477]
3. Types of longitudinal studies [Option ID = 3479]
4. None of these [Option ID = 3480]

Correct Answer :-

- Types of longitudinal studies [Option ID = 3479]

27) The motivation which a person inwardly feels to perform some work or activity, is called [Question ID = 909]

1. Intrinsic motivation [Option ID = 3634]
2. Self-motivation [Option ID = 3633]
3. Egocentric motivation [Option ID = 3636]
4. Extrinsic motivation [Option ID = 3635]

Correct Answer :-

- Intrinsic motivation [Option ID = 3634]

28) Which of the following is not the measure of dispersion? [Question ID = 878]

1. All are measures of dispersion [Option ID = 3512]
2. Standard deviation [Option ID = 3510]
3. Mean [Option ID = 3511]
4. Range [Option ID = 3509]

Correct Answer :-

- Mean [Option ID = 3511]

29) Which of the following is credited with giving three categories of body types namely endomorph, mesomorph and ectomorph? [Question ID = 917]

1. Sigmund Freud [Option ID = 3665]
2. Erik Erikson [Option ID = 3667]
3. William Sheldon [Option ID = 3668]
4. Alfred Adler [Option ID = 3666]

Correct Answer :-

- William Sheldon [Option ID = 3668]

30) Which of the following about the POCSO Act, 2012 is not correct? [Question ID = 897]

1. It applies to children below the age of 18 years [Option ID = 3586]
2. It covers child pornography [Option ID = 3588]
3. It does not cover boys below 18 years [Option ID = 3587]
4. It is gender neutral [Option ID = 3585]

Correct Answer :-

- It does not cover boys below 18 years [Option ID = 3587]

31) Which of the following about the reference list is correct? [Question ID = 886]

1. Reference list is the list of references which the researcher must consult prior to his/ her fieldwork [Option ID = 3544]
2. Reference list contains all sources of information consulted for the study even if they may not have been cited in the body of publication [Option ID = 3541]
3. Reference list contains only those sources of information which have been cited in the body of publication [Option ID = 3542]
4. Reference list is another name for bibliography [Option ID = 3543]

Correct Answer :-

- Reference list contains only those sources of information which have been cited in the body of publication [Option ID = 3542]

32) Which of the following about theoretical sampling in grounded theory is true? [Question ID = 876]

1. All these are correct [Option ID = 3504]
2. It involves collection of further data in the light of the categories that emerge from earlier stages of data analysis [Option ID = 3501]
3. It is aimed at refining the ideas and not to increase the size of original sample [Option ID = 3503]
4. At this point the sample specific to the issue is chosen [Option ID = 3502]

Correct Answer :-

- All these are correct [Option ID = 3504]

33) Which of the following about discourse analysis is not correct? [Question ID = 885]

1. It is the study of real language use, by real speakers in real situations [Option ID = 3540]
2. It looks at conversations in their social context [Option ID = 3537]
3. Both the context as well as what is said are taken into account [Option ID = 3538]
4. It focuses completely on the conversations independent of the social context [Option ID = 3539]

Correct Answer :-

- It focuses completely on the conversations independent of the social context [Option ID = 3539]

34) Which of the following refers to the interpretive framework whereby individuals seek to understand their world and develop their own particular meanings that correspond to their experience? [Question ID = 890]

1. Positivism [Option ID = 3558]
2. Empiricism [Option ID = 3560]
3. Pragmatism [Option ID = 3559]
4. Social constructivism [Option ID = 3557]

Correct Answer :-

- Social constructivism [Option ID = 3557]

35) Which of the following does not help in reducing sampling error in research? [Question ID = 893]

1. Follow up on the non-response cases [Option ID = 3570]
2. Reduction of sample frame error [Option ID = 3572]
3. Careful tabulation and data entry [Option ID = 3571]
4. Large sample size [Option ID = 3569]

Correct Answer :-

- Careful tabulation and data entry [Option ID = 3571]

36) Which of the following does not form part of the forest rights under The Scheduled Tribes and other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006? [Question ID = 906]

1. All are part of the forest rights under the Act [Option ID = 3624]
2. Rights for conversion of *Pattas* or leases or grants issued by any local authority or any State Government on forest lands to titles [Option ID = 3623]
3. Rights to protect, regenerate or conserve or manage any community forest resource which they have been traditionally protecting and conserving for sustainable use [Option ID = 3622]
4. Right of ownership, access to collect, use, and dispose of minor forest produce which has been traditionally collected within or outside village boundaries [Option ID = 3621]

Correct Answer :-

- All are part of the forest rights under the Act [Option ID = 3624]

37) Which of the following about unobtrusive measures of data collection is not correct? [Question ID = 895]

1. The researcher may use archives or documentaries as source of data [Option ID = 3580]
2. The researchers using unobtrusive measures conduct face to face interviews with the participants [Option ID = 3578]
3. These measures of data collection are non-reactive [Option ID = 3577]
4. These measures are generally used in addition to a primary method of data collection [Option ID = 3579]

Correct Answer :-

- The researchers using unobtrusive measures conduct face to face interviews with the participants [Option ID = 3578]

38) "Social groups create deviance by making the rules whose infraction constitutes deviance, and by applying those rules to particular people.....". This statement underscores which theory of deviance? [Question ID = 882]

1. Biological theory of deviance [Option ID = 3525]
2. Social strain typology of deviance [Option ID = 3527]
3. Structural functionalist theory of deviance [Option ID = 3528]
4. Labelling theory of deviance [Option ID = 3526]

Correct Answer :-

- Labelling theory of deviance [Option ID = 3526]

39) The logical model in which general principles are developed from specific observations is referred to as [Question ID = 903]

1. Paradigm [Option ID = 3612]
2. Conceptual frame [Option ID = 3611]
3. Induction [Option ID = 3610]
4. Deduction [Option ID = 3609]

Correct Answer :-

- Induction [Option ID = 3610]

40) The error that is risked when we have statistically significant results and therefore reject the null hypothesis is called [Question ID = 879]

1. Type I error [Option ID = 3514]
2. Type III error [Option ID = 3515]
3. Type II error [Option ID = 3513]
4. Type IV error [Option ID = 3516]

Correct Answer :-

- Type I error [Option ID = 3514]

41) Cluster sampling is useful in which of the following situations?

[Question ID = 872]

1. When it is not possible to compile an exhaustive list of the elements that compose the target population [Option ID = 3486]
2. When an exhaustive list of the elements that compose the target population is available [Option ID = 3487]
3. When the population is located in clusters in a particular region [Option ID = 3485]
4. When the sampling of a particular cluster has to be done [Option ID = 3488]

Correct Answer :-

- When it is not possible to compile an exhaustive list of the elements that compose the target population [Option ID = 3486]

42) The perspective which examines the procedures employed by members of society to construct, account for and give meaning to their social world is called [Question ID = 892]

1. Positivism [Option ID = 3565]
2. Functionalism [Option ID = 3568]

3. Ethnomethodology [Option ID = 3566]
4. Semiotics [Option ID = 3567]

Correct Answer :-

- Ethnomethodology [Option ID = 3566]

43) The owner of an organisation believes that his/her workers do not wish to undertake the assigned tasks unless persuaded, compelled, monitored and threatened with consequences of non-performance. The owner is subscribing to

[Question ID = 913]

1. Theory X of Management [Option ID = 3649]
2. Theory Z of Management [Option ID = 3651]
3. Theory Y of Management [Option ID = 3650]
4. Trait Theory of Leadership [Option ID = 3652]

Correct Answer :-

- Theory X of Management [Option ID = 3649]

44) The terms core, semi periphery and periphery in the context of World System Theory are attributed to

[Question ID = 907]

1. Immanuel Wallerstein [Option ID = 3625]
2. David Lerner [Option ID = 3628]
3. A.G. Frank [Option ID = 3626]
4. W.W. Rostow [Option ID = 3627]

Correct Answer :-

- Immanuel Wallerstein [Option ID = 3625]

45) The change with respect to The Protection of Women Against Domestic Violence Act (2005) pertains to

[Question ID = 877]

1. Removal of protection against domestic violence in live-in relationships [Option ID = 3507]
2. Removal of word '*adult male*' before the word '*person*' in Section 2(q) [Option ID = 3506]
3. Removal of word '*adult*' before the word '*male person*' in Section 2(q) [Option ID = 3505]
4. None of these [Option ID = 3508]

Correct Answer :-

- Removal of word '*adult male*' before the word '*person*' in Section 2(q) [Option ID = 3506]

46) The Right to Education as a fundamental right is covered under which Article of the Indian Constitution?

[Question ID = 905]

1. Article 45 [Option ID = 3619]
2. Article 21A [Option ID = 3617]
3. Article 19 [Option ID = 3618]
4. Article 17 [Option ID = 3620]

Correct Answer :-

- Article 21A [Option ID = 3617]

47) The process whereby raw data are transformed into a standardised form suitable for processing and analysis is called

[Question ID = 896]

1. Tabulation [Option ID = 3582]
2. Data standardisation [Option ID = 3584]
3. Coding [Option ID = 3581]
4. Recording [Option ID = 3583]

Correct Answer :-

- Coding [Option ID = 3581]

48) The term "parents" in the Maintenance and Welfare of Parents and Senior Citizens Act, 2007 includes

[Question ID = 902]

1. Biological father or mother whether or not the father or the mother is a senior citizen [Option ID = 3605]
2. Father, mother whether biological, adoptive or step father or step mother who are senior citizens [Option ID = 3607]
3. Father, mother whether biological, adoptive or step father or step mother whether or not the father or the mother is a senior citizen [Option ID = 3608]
4. Father, mother whether biological or adoptive whether or not the father or the mother is a senior citizen [Option ID = 3606]

Correct Answer :-

- Father, mother whether biological, adoptive or step father or step mother whether or not the father or the mother is a senior citizen [Option ID = 3608]

49) A researcher draws logical assumption or a best guess from an observation or a set of observations. He/she is making use of

[Question ID = 883]

1. Inductive reasoning [Option ID = 3529]
2. Deductive reasoning [Option ID = 3530]
3. Abductive reasoning [Option ID = 3531]
4. None of these [Option ID = 3532]

Correct Answer :-

- Abductive reasoning [Option ID = 3531]

50) Phenomenology aims to study

[Question ID = 869]

1. How society is created and maintained through repeated interactions amongst individuals [Option ID = 3473]
2. The conscious experience as experienced from the subjective point of view [Option ID = 3476]
3. The maintenance of social order through the process of social control [Option ID = 3474]

4. The sub systems and their interconnectedness within the larger social system [Option ID = 3475]

Correct Answer :-

- The conscious experience as experienced from the subjective point of view [Option ID = 3476]
