Question Paper Name :	Concerns In Educational Research And Assessment 15th Sep 2020 Shift 2
Subject Name :	Concerns In Educational Research And Assessment
Creation Date :	2020-09-15 21:02:54
Duration :	180
Total Marks :	100
Display Marks:	Yes
Share Answer Key With Delivery Engine :	Yes
Actual Answer Key :	Yes

Concerns In Educational Research And Assessment

Group Number :	1
Group Id :	89951426
Group Maximum Duration :	0
Group Minimum Duration :	120
Show Attended Group? :	No
Edit Attended Group? :	No
Break time :	0
Group Marks :	100
Is this Group for Examiner? :	No

Concerns In Educational Research And Assessment

Section Id :	89951426
Section Number :	1
Section type :	Online
Mandatory or Optional :	Mandatory

Number of Questions : 100
Number of Questions to be attempted : 100
Section Marks : 100
Display Number Panel : Yes
Group All Questions : Yes
Mark As Answered Required? : Yes
Sub-Section Number : 1
Sub-Section Id : 89951439
Question Shuffling Allowed : Yes

Question Number : 1 Question Id : 8995142150 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Tests measure

- a) Overt behaviour
- b) Covert behaviour
- c) Both, overt and covert behaviour
- d) None of the above

Options :

- 8995148552. 1
- 8995148553. 2
- 8995148554. 3
- 8995148555. 4

Question Number : 2 Question Id : 8995142151 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

The classification of tests into individual tests and group tests is based on

- a) Evaluation
- b) Administration
- c) Language
- d) Standardization

Options :

- 8995148556. 1
- 8995148557. 2
- 8995148558. 3
- 8995148559. 4

Question Number : 3 Question Id : 8995142152 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

According to Guilford (1954) how many more items should be written for the preliminary form of a test than are wanted in the final form?

- a) Two times
- b) Equal to the final form
- c) Up to 50% more
- d) As many as possible

Options :

- 8995148560. 1
- 8995148561. 2
- 8995148562. 3
- 8995148563. 4

Question Number : 4 Question Id : 8995142153 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

According to Conrad (1948) which administration is a kind of dress rehearsal?

- a) First
- b) Second
- c) Third
- d) All of these

Options :

8995148564. 1

8995148565. 2

8995148566. 3

8995148567. 4

Question Number : 5 Question Id : 8995142154 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Which of the following level of measurement provides the maximum information?

- a) Ratio
- b) Nominal
- c) Interval
- d) Ordinal

Options :

8995148568. 1

8995148569. 2

8995148570. 3

8995148571. 4

Question Number : 6 Question Id : 8995142155 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Limited to quantitative description of pupil's performance is?

- a) Test
- b) Measurement
- c) Assessment
- d) Evaluation

Options :

- 8995148572. 1
- 8995148573. 2
- 8995148574. 3
- 8995148575. 4

Question Number : 7 Question Id : 8995142156 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

During the planning phase of a test following things are important

- I. Purpose of the test
- II. Knowledge about target subjects
- III. Reliability of the test
- IV. Age group and/or grade of subjects

- a) I, II & III
- b) II, III & IV
- c) I, II & IV
- d) All the above

Options :

- 8995148576. 1
- 8995148577. 2

8995148578. 3

8995148579. 4

Question Number : 8 Question Id : 8995142157 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

The first administration during the construction of a standardized test is also known as

- a) Dress rehearsal
- b) Proper Tryout
- c) Pre Tryout
- d) Essential Tryout

Options :

8995148580. 1

8995148581. 2

8995148582. 3

8995148583. 4

Question Number : 9 Question Id : 8995142158 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Item difficulty can be determined by

- a) By the judgment of experts
- b) Statistically
- c) Both a & b
- d) None the above

Options :

8995148584. 1

8995148585. 2

8995148586. 3

8995148587. 4

Question Number : 10 Question Id : 8995142159 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Index of discrimination of an item is also known as

- a) Item reliability index
- b) Item validity index
- c) Item objectivity index
- d) All the above

Options :

8995148588. 1

8995148589. 2

8995148590. 3

8995148591. 4

Question Number : 11 Question Id : 8995142160 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

An effective item must be

- a) Moderate difficult
- b) High discriminating
- c) Both a & b
- d) None the above

Options :

8995148592. 1

8995148593. 2

8995148594. 3

8995148595. 4

Question Number : 12 Question Id : 8995142161 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

During the process of item analysis, effectiveness of each item is determined on the basis of scores of

- a) Upper 27% only of the group
- b) Lower 27% only of the group
- c) Middle 46% only of the group
- d) Upper 27% and Lower 27% of the group

Options :

8995148596. 1

8995148597. 2

8995148598. 3

8995148599. 4

Question Number : 13 Question Id : 8995142162 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

The purpose of criterion reference test is

- a) Making diagnostic decision
- b) Marking progress
- c) Making achievement decision
- d) All the above

Options :

8995148600. 1

8995148601. 2

8995148602. 3

8995148603. 4

Question Number : 14 Question Id : 8995142163 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Item facility is

- a) The proportion of students who answered a particular item correctly
- b) The proportion of students who answered a particular item wrongly
- c) Ratio of students answering an item correctly and wrongly
- d) None the above

Options :

8995148604. 1

8995148605. 2

8995148606. 3

8995148607. 4

Question Number : 15 Question Id : 8995142164 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Calculate the difference index if Item Facility pretest is .20 and Item Facility posttest is .70

- a) .50
- b) .90
- c) .14
- d) 3.5

Options :

8995148608. 1

8995148609. 2

8995148610.3

8995148611.4

Question Number : 16 Question Id : 8995142165 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Which among the following may be reason for a criterion reference test not performing well?

- a) Confusing material regarding to the particular objective
- b) Students are not ready to learn the objective
- c) Both a & b
- d) None the above

Options :

8995148612.1

8995148613.2

8995148614.3

8995148615.4

Question Number : 17 Question Id : 8995142166 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Sampling is only the option in which one of the following situation(s)

- a) Blood test of a person
- b) Infinite population
- c) For testing fat of milk
- d) All of the above

Options :

8995148616.1

8995148617.2

8995148618. 3

8995148619. 4

Question Number : 18 Question Id : 8995142167 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

The discrepancies between sample statistic and population parameter is called as:

- (a) Personal error
- (b) Sampling error
- (c) Response error
- (d) Non-sampling error

Options :

8995148620. 1

8995148621. 2

8995148622. 3

8995148623. 4

Question Number : 19 Question Id : 8995142168 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

A sample systematically different from a population characteristics is called

- (a) Biased sample
- (b) Random sample
- (c) Representative sample
- (d) Cluster sample

Options :

8995148624. 1

8995148625. 2

8995148626. 3

8995148627. 4

Question Number : 20 Question Id : 8995142169 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Which one is NOT related to non-probability sampling?

- (a) Simple sampling
- (b) Judgmental sampling
- (c) Chain sampling
- (d) Area sampling

Options :

- 8995148628. 1
- 8995148629. 2
- 8995148630. 3
- 8995148631. 4

Question Number : 21 Question Id : 8995142170 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

If every unit in a population has an equal chance of being selected in a sample, the sample is

- (a) Biased sample
- (b) Random sample
- (c) Convenience sample
- (d) Cluster sample

Options :

- 8995148632. 1
- 8995148633. 2
- 8995148634. 3
- 8995148635. 4

Question Number : 22 Question Id : 8995142171 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

If the population is homogeneous in nature and not too big then which one of the following sampling technique is appropriate:

- (a) Simple random sampling
- (b) Stratified random sampling
- (c) Cluster sampling
- (d) None of these

Options :

- 8995148636. 1
- 8995148637. 2
- 8995148638. 3
- 8995148639. 4

Question Number : 23 Question Id : 8995142172 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

In the case of heterogeneous population, the sample size should be:

- (a) Large
- (b) Small
- (c) Heterogeneity of population does not affect sample size
- (d) All of the above are true

Options :

- 8995148640. 1
- 8995148641. 2
- 8995148642. 3
- 8995148643. 4

Question Number : 24 Question Id : 8995142173 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Cluster sampling is useful when

- a) Sampling frame is not available
- b) Geographically scattered population
- c) Both (a) and (b)
- d) None of the above

Options :

- 8995148644. 1
- 8995148645. 2
- 8995148646. 3
- 8995148647. 4

Question Number : 25 Question Id : 8995142174 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

When a researcher includes in the sample those who are easily available and voluntarily ready to participate in the study, the appropriate sampling technique is

- (a) Snowball sampling
- (b) Chain sampling
- (c) Incidental sampling
- (d) Quota sampling

Options :

- 8995148648. 1
- 8995148649. 2
- 8995148650. 3
- 8995148651. 4

Question Number : 26 Question Id : 8995142175 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Stratified sampling may be distinguish from quota sampling because of the selection of sample unit from each stratum in stratified sampling is

- (a) Random
- (b) Non random
- (c) Purposively
- (d) Systematically

Options :

- 8995148652. 1
- 8995148653. 2
- 8995148654. 3
- 8995148655. 4

Question Number : 27 Question Id : 8995142176 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Interview is conducted for

- a) Data collection in minimum time
- b) For actual assessment of the required traits
- c) For the maintenance of high-efficiency
- d) All the above

Options :

- 8995148656. 1
- 8995148657. 2
- 8995148658. 3
- 8995148659. 4

Question Number : 28 Question Id : 8995142177 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is

Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

An Interview that collects information through wisdom of the interviewer is

- a) Non-directed interview
- b) Personal interview
- c) Group interview
- d) Random interview

Options :

8995148660. 1

8995148661. 2

8995148662. 3

8995148663. 4

Question Number : 29 Question Id : 8995142178 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is

Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Interview is a valid tool because in an interview

- a) Data is recorded
- b) Data is not recorded
- c) Data is cross-checked informally
- d) None of the above

Options :

8995148664. 1

8995148665. 2

8995148666. 3

8995148667. 4

Question Number : 30 Question Id : 8995142179 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is

Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Introduction of the interviewee comes under the steps of conducting interview:

- a) Planning
- b) Execution
- c) Closure
- d) None of the above

Options :

8995148668. 1

8995148669. 2

8995148670. 3

8995148671. 4

Question Number : 31 Question Id : 8995142180 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Cross questioning is necessary between an interview to

- a) Improve confidence in respondent
- b) Represent interviewee effectiveness
- c) Collect more reliable information
- d) Makes interview easy

Options :

8995148672. 1

8995148673. 2

8995148674. 3

8995148675. 4

Question Number : 32 Question Id : 8995142181 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

An observation includes

- a) Manipulation of data
- b) Recording of data
- c) Controlling of data
- d) Deprivation of data

Options :

8995148676. 1

8995148677. 2

8995148678. 3

8995148679. 4

Question Number : 33 Question Id : 8995142182 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Observation data may be scored:

- a) Qualitatively
- b) Quantitatively
- c) Both qualitatively and quantitatively
- d) None of the above

Options :

8995148680. 1

8995148681. 2

8995148682. 3

8995148683. 4

Question Number : 34 Question Id : 8995142183 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0

Process of research includes

- a) Theoretical Perspective
- b) Epistemology
- c) Ontology
- d) All of the above

Options :

- 8995148684. 1
- 8995148685. 2
- 8995148686. 3
- 8995148687. 4

Question Number : 35 Question Id : 8995142184 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Which among the following is not true about 'Ontology'?

- a) It is related to the nature of social reality
- b) It claims about the existence
- c) It is a sub-part of Meta-physics
- d) It talks about value of matter

Options :

- 8995148688. 1
- 8995148689. 2
- 8995148690. 3
- 8995148691. 4

Question Number : 36 Question Id : 8995142185 Question Type : MCQ Option Shuffling : No Display Question Number : Yes Is Question Mandatory : No Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0

Which among the following is least applicable to epistemological assumptions of positivist paradigm?

- a) Knowledge is objective
- b) Knowledge is generated inductively
- c) Methodology of natural sciences should be used to understand social reality
- d) Truth can be attained/verified

Options :

- 8995148692. 1
- 8995148693. 2
- 8995148694. 3
- 8995148695. 4
