

IGNOU NURSING

Topic:- PHDNS_IGNOU_FEB22_SET1

**1) The information that an investigator collects from the participants in a research study is called:[Question ID = 1201]
[Question Description = 101_356_NURS_FEB22_Q01]**

1. Concept [Option ID = 4801]
2. Variable [Option ID = 4802]
3. Hypothesis [Option ID = 4803]
4. Data [Option ID = 4804]

2) A sample is known as[Question ID = 1202][Question Description = 102_356_NURS_FEB22_Q02]

1. Study subjects [Option ID = 4805]
2. Global subjects [Option ID = 4806]
3. General population [Option ID = 4807]
4. Universe [Option ID = 4808]

3) Results of the research are communicated through[Question ID = 1203][Question Description = 103_356_NURS_FEB22_Q03]

1. Hypothesis [Option ID = 4809]
2. Assumptions [Option ID = 4810]
3. Sample [Option ID = 4811]
4. Tables and graphs [Option ID = 4812]

4) The expected relationship between two or more variables is known as[Question ID = 1204][Question Description = 104_356_NURS_FEB22_Q04]

1. Conceptual definition [Option ID = 4813]
2. Hypothesis [Option ID = 4814]
3. Problem statement [Option ID = 4815]
4. Research question [Option ID = 4816]

5) The beliefs and ideas which are considered to be true are known as[Question ID = 1205][Question Description = 105_356_NURS_FEB22_Q05]

1. Hypothesis [Option ID = 4817]
2. Assumption [Option ID = 4818]
3. Conceptual definition [Option ID = 4819]
4. Operational definition [Option ID = 4820]

6) Which of the following studies is based on quantitative research?[Question ID = 1206][Question Description = 106_356_NURS_FEB22_Q06]

1. A study examining the bereavement process in spouse of patients with terminal cancer [Option ID = 4821]
2. A study exploring the cultural practices of a group of people living in a village [Option ID = 4822]
3. A study measuring the effect of sleep deprivation on patients' wound healing [Option ID = 4823]
4. A study examining patient' feelings before, during and after an invasive procedure [Option ID = 4824]

7) The data obtained directly by the researcher are called[Question ID = 1207][Question Description = 107_356_NURS_FEB22_Q07]

1. Documentary data [Option ID = 4825]
2. Empirical data [Option ID = 4826]
3. Valid data [Option ID = 4827]
4. Reliable data [Option ID = 4828]

8) The plan and strategy of the research investigation is called[Question ID = 1208][Question Description = 108_356_NURS_FEB22_Q08]

1. Review of related literature [Option ID = 4829]
2. Background of the study [Option ID = 4830]
3. Research design [Option ID = 4831]
4. Blueprint [Option ID = 4832]

9) If the tool is given to three experts to check its validity, then this is called as[Question ID = 1209][Question Description = 109_356_NURS_FEB22_Q09]

1. Content validity [Option ID = 4833]
2. Predictive validity [Option ID = 4834]
3. Construct validity [Option ID = 4835]
4. Criterion-related validity [Option ID = 4836]

10) Collecting data from a sample to determine the characteristics of a population is which type of research?[Question ID = 1210][Question Description = 110_356_NURS_FEB22_Q10]

1. Correlational [Option ID = 4837]
2. Methodological [Option ID = 4838]
3. Survey [Option ID = 4839]
4. Quasi-experimental [Option ID = 4840]

11) The standard deviation is a measure of[Question ID = 1211][Question Description = 111_356_NURS_FEB22_Q11]

1. Skewness [Option ID = 4841]
2. Correlation [Option ID = 4842]
3. Central tendency [Option ID = 4843]
4. Variability [Option ID = 4844]

12) The cut off points OR the restrictions the researcher placed in the study prior to gathering data:[Question ID = 1212][Question Description = 112_356_NURS_FEB22_Q12]

1. Consistency [Option ID = 4845]
2. Delimitation [Option ID = 4846]
3. Reliability [Option ID = 4847]
4. Limitation [Option ID = 4848]

13) Gender, religion, type of disease, and blood group are measured on[Question ID = 1213][Question Description = 113_356_NURS_FEB22_Q13]

1. Nominal scale of measurement [Option ID = 4849]
2. Ordinal scale of measurement [Option ID = 4850]
3. Interval scale of measurement [Option ID = 4851]
4. Ratio scale of measurement [Option ID = 4852]

14) Which scale of measurement has an absolute zero?[Question ID = 1214][Question Description = 114_356_NURS_FEB22_Q14]

1. Nominal [Option ID = 4853]
2. Ordinal [Option ID = 4854]
3. Interval [Option ID = 4855]
4. Ratio [Option ID = 4856]

15) The variable in an experiment that does not change throughout the study is called[Question ID = 1215][Question Description = 115_356_NURS_FEB22_Q15]

1. dependent variable [Option ID = 4857]
2. extraneous variable [Option ID = 4858]
3. independent variable [Option ID = 4859]
4. confounding variable [Option ID = 4860]

16) A contingency table is used to calculate[Question ID = 1216][Question Description = 116_356_NURS_FEB22_Q16]

1. t-statistic [Option ID = 4861]
2. Correlation coefficient [Option ID = 4862]
3. Variance [Option ID = 4863]
4. Chi-square statistic [Option ID = 4864]

17) The entire group of people in which the researcher is interested is called as[Question ID = 1217][Question Description = 117_356_NURS_FEB22_Q17]

1. Population [Option ID = 4865]
2. Experiment group [Option ID = 4866]
3. Sample [Option ID = 4867]
4. Control [Option ID = 4868]

18) Which of the following are the features of quasi-experimental research design?[Question ID = 1218][Question Description = 118_356_NURS_FEB22_Q18]

1. Manipulation, control group, randomization [Option ID = 4869]
2. Manipulation, but no control group or randomization [Option ID = 4870]
3. No manipulation of independent variable [Option ID = 4871]
4. Use of correlational approach [Option ID = 4872]

19) General principle to predict specific results in reasoning is called[Question ID = 1219][Question Description = 119_356_NURS_FEB22_Q19]

1. Deductive [Option ID = 4873]
2. Inductive [Option ID = 4874]
3. Both Deductive and Inductive [Option ID = 4875]
4. Hypothetical [Option ID = 4876]

20) “There is no significant difference between the two variables” known as[Question ID = 1220][Question Description = 120_356_NURS_FEB22_Q20]

1. Directional hypothesis [Option ID = 4877]
2. Null hypothesis [Option ID = 4878]
3. Non directional hypothesis [Option ID = 4879]
4. Research hypothesis [Option ID = 4880]

21) Sampling method gives equal chance to all units in the population to get picked?[Question ID = 1221][Question Description = 121_356_NURS_FEB22_Q21]

1. Random [Option ID = 4881]
2. Accidental [Option ID = 4882]
3. Quota [Option ID = 4883]
4. Judgmental [Option ID = 4884]

22) The ability of a test to measure non case correctly is[Question ID = 1222][Question Description = 122_356_NURS_FEB22_Q22]

1. Specificity [Option ID = 4885]
2. Reliability [Option ID = 4886]
3. Meaningfulness [Option ID = 4887]
4. Sensitivity [Option ID = 4888]

23) In sampling distribution standard deviation is referred as:[Question ID = 1223][Question Description = 123_356_NURS_FEB22_Q23]

1. Test statistic [Option ID = 4889]
2. Standard error [Option ID = 4890]
3. Confidence interval [Option ID = 4891]
4. Test of significance [Option ID = 4892]

24) Random sampling includes all the following techniques except[Question ID = 1224][Question Description = 124_356_NURS_FEB22_Q24]

1. Simple random sampling [Option ID = 4893]
2. Stratified random sampling [Option ID = 4894]
3. Cluster sampling [Option ID = 4895]
4. Purposive sampling [Option ID = 4896]

25) All the following are measures of central tendency, except:[Question ID = 1225][Question Description = 125_356_NURS_FEB22_Q25]

1. Mean [Option ID = 4897]
2. Median [Option ID = 4898]
3. Mode [Option ID = 4899]
4. Variance [Option ID = 4900]

26) Which is not a characteristic of normal distribution?[Question ID = 1226][Question Description = 126_356_NURS_FEB22_Q26]

1. Symmetric [Option ID = 4901]
2. Bell shaped [Option ID = 4902]
3. Mean= median = mode [Option ID = 4903]
4. Negative skewness [Option ID = 4904]

27) In a normal distribution curve, which of the following statement is true?[Question ID = 1227][Question Description = 127_356_NURS_FEB22_Q27]

1. Mean = SD [Option ID = 4905]
2. Median = SD [Option ID = 4906]
3. Mean = 2 Median [Option ID = 4907]
4. Mean = Mode [Option ID = 4908]

28) A research design in which we expose two different type of treatment to sample known as?[Question ID = 1228]

[Question Description = 128_356_NURS_FEB22_Q28]

1. Cross over design [Option ID = 4909]
2. Post test design [Option ID = 4910]
3. Factorial design [Option ID = 4911]
4. Time series design [Option ID = 4912]

29) Which design involves collection of data at one point in time?[Question ID = 1229][Question Description = 129_356_NURS_FEB22_Q29]

1. Case control design [Option ID = 4913]
2. Longitudinal design [Option ID = 4914]
3. Cross sectional design [Option ID = 4915]
4. Cohort design [Option ID = 4916]

30) These are the brief descriptions of situations to which respondents are asked to react, known as[Question ID = 1230][Question Description = 130_356_NURS_FEB22_Q30]

1. Vignettes [Option ID = 4917]
2. Q sorts [Option ID = 4918]
3. Anecdotal records [Option ID = 4919]
4. Life history [Option ID = 4920]

31) The quantities that may change during the study are known as[Question ID = 1231][Question Description = 131_356_NURS_FEB22_Q31]

1. Concepts [Option ID = 4921]
2. Variables [Option ID = 4922]
3. Theory [Option ID = 4923]
4. Models [Option ID = 4924]

32) A measure to determine whether a student has attained a predetermined set of target behavior is

[Question ID = 1232][Question Description = 132_356_NURS_FEB22_Q32]

1. Norm referenced [Option ID = 4925]
2. Standardized test [Option ID = 4926]
3. Criterion referenced [Option ID = 4927]
4. Personality test [Option ID = 4928]

33) Spread of dispersion is described by[Question ID = 1233][Question Description = 133_356_NURS_FEB22_Q33]

1. Median [Option ID = 4929]
2. Mode [Option ID = 4930]
3. Standard deviation [Option ID = 4931]
4. Mean [Option ID = 4932]

34) Research that is done to understand an event from the past is known as[Question ID = 1234][Question Description = 134_356_NURS_FEB22_Q34]

1. Experimental research [Option ID = 4933]
2. Historical research [Option ID = 4934]
3. Replication [Option ID = 4935]
4. Archival research [Option ID = 4936]

35) Which of the following includes examples of quantitative variables?[Question ID = 1235][Question Description = 135_356_NURS_FEB22_Q35]

1. Age, temperature, income, height [Option ID = 4937]
2. Grade point average, anxiety level, reading performance [Option ID = 4938]
3. Gender, religion, ethnic group [Option ID = 4939]
4. Age, temperature, income, height, grade point average, anxiety level and reading performance [Option ID = 4940]

36) The principle of beneficence includes all the following, except[Question ID = 1236][Question Description = 136_356_NURS_FEB22_Q36]

1. Freedom from harm [Option ID = 4941]
2. Freedom from exploitation [Option ID = 4942]
3. Benefits from research [Option ID = 4943]
4. The right to self-determination [Option ID = 4944]

37) The term used to indicate the placebo effect in which the knowledge of being included in a study cause people to change their behavior, thereby obscuring the variable of interest is

[Question ID = 1237][Question Description = 137_356_NURS_FEB22_Q37]

1. Internal validity [Option ID = 4945]
2. Maturation [Option ID = 4946]
3. Manipulation [Option ID = 4947]
4. Hawthorne effect [Option ID = 4948]

38) The extent to which it is possible to make an inference that independent variable is truly influencing the dependent variable and relationship is not spurious, refers to[Question ID = 1238][Question Description = 138_356_NURS_FEB22_Q38]

1. External validity [Option ID = 4949]
2. Internal Validity [Option ID = 4950]
3. Internal consistency [Option ID = 4951]
4. Reliability [Option ID = 4952]

39) A sampling method which involves a random start and then proceeds with the selection of every kth element from then onwards (where k= population size/sample size):[Question ID = 1239][Question Description = 139_356_NURS_FEB22_Q39]

1. Simple random sampling [Option ID = 4953]
2. Stratified random sampling [Option ID = 4954]
3. Systematic sampling [Option ID = 4955]
4. Snowball sampling [Option ID = 4956]

40) A survey method designed to structure group opinion, generate group consensus, and quantify the judgements of experts is[Question ID = 1240][Question Description = 140_356_NURS_FEB22_Q40]

1. Case study [Option ID = 4957]
2. Delphi technique [Option ID = 4958]
3. Panel discussion [Option ID = 4959]
4. Case discussion [Option ID = 4960]

41) Which of the following is a dichotomous variable?[Question ID = 1241][Question Description = 141_356_NURS_FEB22_Q41]

1. Blood group [Option ID = 4961]
2. Sex [Option ID = 4962]
3. Religion [Option ID = 4963]
4. Height [Option ID = 4964]

42) The nonrandom sampling type that involves selecting a convenience sample from a population with a specific set of characteristics for your research study is called _____.[Question ID = 1242][Question Description = 142_356_NURS_FEB22_Q42]

1. Snowball sampling [Option ID = 4965]
2. Purposive sampling [Option ID = 4966]
3. Quota sampling [Option ID = 4967]
4. Convenience sampling [Option ID = 4968]

43) Which of the following sampling methods is the best way to select a group of people for a study if you are interested in making statements about the larger population?[Question ID = 1243][Question Description = 143_356_NURS_FEB22_Q43]

1. Convenience sampling [Option ID = 4969]
2. Quota sampling [Option ID = 4970]
3. Purposive sampling [Option ID = 4971]
4. Random sampling [Option ID = 4972]

44) The type of sampling in which each member of the population selected for the sample is returned to the population before the next member is selected is called[Question ID = 1244][Question Description = 144_356_NURS_FEB22_Q44]

1. Sampling with replacement [Option ID = 4973]
2. Sampling without replacement [Option ID = 4974]
3. Simple random sampling [Option ID = 4975]
4. Systematic sampling [Option ID = 4976]

45) A number calculated with complete population data and quantifies a characteristic of the population is called which of the following?[Question ID = 1245][Question Description = 145_356_NURS_FEB22_Q45]

1. A parameter [Option ID = 4977]
2. A population [Option ID = 4978]
3. A statistic [Option ID = 4979]
4. A datum [Option ID = 4980]

46) Which of the following will give a more “accurate” representation of the population[Question ID = 1246][Question Description = 146_356_NURS_FEB22_Q46]

1. A large sample based on the convenience sampling technique [Option ID = 4981]
2. A small sample based on simple random sampling [Option ID = 4982]
3. A large sample based on simple random sampling [Option ID = 4983]
4. A small cluster sample [Option ID = 4984]

47) Experimental design focus on which relationship?[Question ID = 1247][Question Description = 147_356_NURS_FEB22_Q47]

1. Strong [Option ID = 4985]
2. Linear [Option ID = 4986]
3. Weak [Option ID = 4987]
4. Cause and effect [Option ID = 4988]

48) In experimental research, the aim is to assess the effect of which variable[Question ID = 1248][Question Description = 148_356_NURS_FEB22_Q48]

1. Dependent variable [Option ID = 4989]
2. Independent variable [Option ID = 4990]
3. Extraneous variable [Option ID = 4991]
4. Confounding variable [Option ID = 4992]

49) A careful appraisal of the strengths and weakness of the study is[Question ID = 1249][Question Description = 149_356_NURS_FEB22_Q49]

1. Research proposal [Option ID = 4993]
2. Action research [Option ID = 4994]
3. Research critique [Option ID = 4995]
4. Evidence based practice [Option ID = 4996]

50) An operational definition is[Question ID = 1250][Question Description = 150_356_NURS_FEB22_Q50]

1. One that bears no relation to the underlying concept [Option ID = 4997]
2. An abstract, theoretical definition of a concept [Option ID = 4998]
3. A definition of a concept in terms of specific, empirical measures [Option ID = 4999]
4. One that refers to opera singers [Option ID = 5000]

51) All four c's are part of Curriculum word except[Question ID = 1251][Question Description = 151_356_NURS_FEB22_Q51]

1. Classification [Option ID = 5001]
2. Continuous [Option ID = 5002]
3. Comprehensive [Option ID = 5003]
4. Concrete [Option ID = 5004]

52) As an educator you want to teach oral medication procedure, which teaching method is most effective[Question ID = 1252][Question Description = 152_356_NURS_FEB22_Q52]

1. Demonstration [Option ID = 5005]
2. Lecture [Option ID = 5006]
3. Micro teaching [Option ID = 5007]
4. Symposium [Option ID = 5008]

53) Learning activities which are planned and guided by the school inside and outside the school, are known as [Question ID = 1253][Question Description = 153_356_NURS_FEB22_Q53]

1. Lesson plan [Option ID = 5009]
2. Curriculum [Option ID = 5010]
3. Supervision [Option ID = 5011]
4. Rotation [Option ID = 5012]

54) When we want to establish the relationship between the concepts which method is most appropriate[Question ID = 1254][Question Description = 154_356_NURS_FEB22_Q54]

1. Multiple choice [Option ID = 5013]
2. Short answer [Option ID = 5014]
3. Matching [Option ID = 5015]
4. Alternate response [Option ID = 5016]

55) Operation blackboard programme was implemented to improve[Question ID = 1255][Question Description = 155_356_NURS_FEB22_Q55]

1. Teacher education [Option ID = 5017]
2. Primary education [Option ID = 5018]
3. Secondary education [Option ID = 5019]

4. Vocational education [Option ID = 5020]

56) Communication process includes[Question ID = 1256][Question Description = 156_356_NURS_FEB22_Q56]

1. Message, messenger, channel [Option ID = 5021]
2. Communicator, environment feedback [Option ID = 5022]
3. Communicator, message, channel, receiver, feedback [Option ID = 5023]
4. Communicator, receiver, feedback [Option ID = 5024]

57) The following are the methods used to collect objective data except

[Question ID = 1257][Question Description = 157_356_NURS_FEB22_Q57]

1. Interview [Option ID = 5025]
2. Questionnaire [Option ID = 5026]
3. Records [Option ID = 5027]
4. Likert scale [Option ID = 5028]

58) Which of the following is not used frequently in health education[Question ID = 1258][Question Description = 158_356_NURS_FEB22_Q58]

1. Textbooks [Option ID = 5029]
2. Posters [Option ID = 5030]
3. Film strips [Option ID = 5031]
4. Audio cassettes [Option ID = 5032]

59) The basic principles of health education are[Question ID = 1259][Question Description = 159_356_NURS_FEB22_Q59]

1. Interest of people [Option ID = 5033]
2. Participation [Option ID = 5034]
3. Re-enforcement [Option ID = 5035]
4. All of these [Option ID = 5036]

60) Which teaching method is based on one way communication?[Question ID = 1260][Question Description = 160_356_NURS_FEB22_Q60]

1. Lecture [Option ID = 5037]
2. Group discussion [Option ID = 5038]
3. Conference [Option ID = 5039]
4. Workshop [Option ID = 5040]

61) Which of the following is based on behavioural approach in learning?[Question ID = 1261][Question Description = 161_356_NURS_FEB22_Q61]

1. Pavlov [Option ID = 5041]
2. Piaget [Option ID = 5042]
3. Rogers [Option ID = 5043]
4. Maslow [Option ID = 5044]

62) Social cognitive theory was proposed by[Question ID = 1262][Question Description = 162_356_NURS_FEB22_Q62]

1. Bruner [Option ID = 5045]
2. Argyris [Option ID = 5046]
3. Bandura [Option ID = 5047]
4. Erikson [Option ID = 5048]

63) Teaching is based on[Question ID = 1263][Question Description = 163_356_NURS_FEB22_Q63]

1. Spiritual [Option ID = 5049]
2. Physical [Option ID = 5050]
3. Intellectual [Option ID = 5051]
4. Social [Option ID = 5052]

64) Most common method used in teaching is[Question ID = 1264][Question Description = 164_356_NURS_FEB22_Q64]

1. Discussion [Option ID = 5053]
2. Demonstration [Option ID = 5054]
3. Lecture [Option ID = 5055]
4. Seminar [Option ID = 5056]

65) Affective domain of bloom's taxonomy include all except[Question ID = 1265][Question Description = 165_356_NURS_FEB22_Q65]

1. Synthesis [Option ID = 5057]
2. Receiving [Option ID = 5058]
3. Responding [Option ID = 5059]

4. Valuing [Option ID = 5060]

66) Andragogy refers to[Question ID = 1266][Question Description = 166_356_NURS_FEB22_Q66]

1. Action learning [Option ID = 5061]
2. Adult learning [Option ID = 5062]
3. Experimental learning [Option ID = 5063]
4. Child learning [Option ID = 5064]

67) International Council of Nurses was established in

[Question ID = 1267][Question Description = 167_356_NURS_FEB22_Q67]

1. 1867 [Option ID = 5065]
2. 1899 [Option ID = 5066]
3. 1950 [Option ID = 5067]
4. 1962 [Option ID = 5068]

68) Philosophy is[Question ID = 1268][Question Description = 168_356_NURS_FEB22_Q68]

1. Science of knowledge [Option ID = 5069]
2. Science of all sciences [Option ID = 5070]
3. Mother of all arts [Option ID = 5071]
4. None of these [Option ID = 5072]

69) An assessment that is carried out throughout the course is called[Question ID = 1269][Question Description = 169_356_NURS_FEB22_Q69]

1. Diagnostic assessment [Option ID = 5073]
2. Formative assessment [Option ID = 5074]
3. Summative assessment [Option ID = 5075]
4. Contemporary assessment [Option ID = 5076]

70) The use of technology in education to enhance learning process is called

[Question ID = 1270][Question Description = 170_356_NURS_FEB22_Q70]

1. Information technology [Option ID = 5077]
2. Information and Communication Technology [Option ID = 5078]
3. Educational Technology [Option ID = 5079]
4. Information Building [Option ID = 5080]

71) Which of the following is the principle of organization?[Question ID = 1271][Question Description = 171_356_NURS_FEB22_Q71]

1. Hierarchy [Option ID = 5081]
2. Delegation [Option ID = 5082]
3. Span of Control [Option ID = 5083]
4. Pervasiveness [Option ID = 5084]

72) Which of the following function is the LEAST important to a nurse manager?[Question ID = 1272][Question Description = 172_356_NURS_FEB22_Q72]

1. Decision- making [Option ID = 5085]
2. Manipulating people [Option ID = 5086]
3. Monitoring Sub-ordinates [Option ID = 5087]
4. Effective leading [Option ID = 5088]

73) The collection of information from nursing records and through others evidence about patient care is called:[Question ID = 1273][Question Description = 173_356_NURS_FEB22_Q73]

1. Nursing audit [Option ID = 5089]

4. Sense of morality [Option ID = 5120]

81) During performance appraisal, if the head nurse commits an error, it is called:[Question ID = 1281][Question Description = 181_356_NURS_FEB22_Q81]

1. Horns effect [Option ID = 5121]
2. Halo effects [Option ID = 5122]
3. Paired comparison [Option ID = 5123]
4. Central tendency error [Option ID = 5124]

82) VED stands for:[Question ID = 1282][Question Description = 182_356_NURS_FEB22_Q82]

1. Valuable, Essential, Desirable [Option ID = 5125]
2. Valuable, Estimated, Desirable [Option ID = 5126]
3. Vital, Essential, Desirable [Option ID = 5127]
4. Vital, Estimated, Desirable [Option ID = 5128]

83) The skill requiring for administering an institution is:[Question ID = 1283][Question Description = 183_356_NURS_FEB22_Q83]

1. Controlling [Option ID = 5129]
2. Dictating [Option ID = 5130]
3. Directing [Option ID = 5131]
4. Supervising [Option ID = 5132]

84) Checking the equipment and supplies periodically is known as:[Question ID = 1284][Question Description = 184_356_NURS_FEB22_Q84]

1. Item analysis [Option ID = 5133]
2. Investigation [Option ID = 5134]
3. Inventory [Option ID = 5135]
4. Indent [Option ID = 5136]

85) The purpose of conducting staff training is:[Question ID = 1285][Question Description = 185_356_NURS_FEB22_Q85]

1. Improve quality of work [Option ID = 5137]
2. Improve morale of staff [Option ID = 5138]
3. Help improve communication [Option ID = 5139]
4. All of these [Option ID = 5140]

86) In budgeting terms, the source of income is:[Question ID = 1286][Question Description = 186_356_NURS_FEB22_Q86]

1. Capitation [Option ID = 5141]
2. Revenue [Option ID = 5142]
3. Budget [Option ID = 5143]
4. Profit source [Option ID = 5144]

87) The planned educational experiences provided within job setting is known as[Question ID = 1287][Question Description = 187_356_NURS_FEB22_Q87]

1. In service education [Option ID = 5145]
2. Developmental education [Option ID = 5146]
3. Additional education [Option ID = 5147]
4. Specialized education [Option ID = 5148]

88) The first step of planning is:[Question ID = 1288][Question Description = 188_356_NURS_FEB22_Q88]

1. Measurement of social marketing plans [Option ID = 5149]
2. Assessment of learning objectives [Option ID = 5150]
3. Assessment of existing health needs and problem [Option ID = 5151]
4. Determination of practice settings [Option ID = 5152]

89) The authority flow from top to bottom is referred as:[Question ID = 1289][Question Description = 189_356_NURS_FEB22_Q89]

1. Span of control [Option ID = 5153]
2. Scalar chain [Option ID = 5154]
3. Line organization [Option ID = 5155]
4. Lateral organization [Option ID = 5156]

90) Authority means[Question ID = 1290][Question Description = 190_356_NURS_FEB22_Q90]

1. Right to command [Option ID = 5157]
2. Right to reprimand [Option ID = 5158]
3. Right to use and abuse power [Option ID = 5159]
4. Right to perform duty [Option ID = 5160]

91) A client is admitted to the hospital with a bowel obstruction which of the following is the priority of nursing diagnosis? [Question ID = 1291][Question Description = 191_356_NURS_FEB22_Q91]

1. Fluid volume deficit [Option ID = 5161]
2. Deficient knowledge [Option ID = 5162]
3. Ineffective tissue perfusion [Option ID = 5163]
4. Pain related to abdominal distension [Option ID = 5164]

92) A nurse is caring for a 9-year-old child who underwent tonsillectomy, which of the following observation by the nurse is most concerned?[Question ID = 1292][Question Description = 192_356_NURS_FEB22_Q92]

1. 30 ml of dark brown secretions [Option ID = 5165]
2. A heart rate of 90 beats per minute [Option ID = 5166]
3. Expectoring bright red secretion [Option ID = 5167]
4. Infrequent swallowing [Option ID = 5168]

93) A nurse is caring for a 45-year-old female patient who has undergone mastectomy. Which of the following is appropriate to prevent the lymphedema as a post-operative complication?[Question ID = 1293][Question Description = 193_356_NURS_FEB22_Q93]

1. Ensuring patency of wound drainage tube [Option ID = 5169]
2. Frequently elevating the arm of the affected side above the level of the heart [Option ID = 5170]
3. Placing the arm on the affected side in a dependent position [Option ID = 5171]
4. Restricting movement of the affected arm [Option ID = 5172]

94) Spinal anesthesia is given at[Question ID = 1294][Question Description = 194_356_NURS_FEB22_Q94]

1. L-1-L-2 [Option ID = 5173]
2. L-2-L-3 [Option ID = 5174]
3. L-3-L-4 [Option ID = 5175]

4. L-4-L-5 [Option ID = 5176]

95) A 25-year-old male patient sustained severe burns of the right lower extremity. Using the rule of nine, which of these is the best estimate of total body-surface area burned?

[Question ID = 1295][Question Description = 195_356_NURS_FEB22_Q95]

1. 18% [Option ID = 5177]
2. 22% [Option ID = 5178]
3. 31% [Option ID = 5179]
4. 40% [Option ID = 5180]

96) Health education regarding pacemaker include.....[Question ID = 1296][Question Description = 196_356_NURS_FEB22_Q96]

1. Don't raise your arm above the level of your heart for the first few days [Option ID = 5181]
2. Gently wash the incision site, but don't put lotion or powder on it [Option ID = 5182]
3. For 1 to 2 months, don't lift, push, or pull anything that weighs more than 5 pounds [Option ID = 5183]
4. All of these [Option ID = 5184]

97) Peak action time for regular insulin is[Question ID = 1297][Question Description = 197_356_NURS_FEB22_Q97]

1. 2 to 4 hours [Option ID = 5185]
2. 4 to 6 hours [Option ID = 5186]
3. 6 to 10 hours [Option ID = 5187]
4. 8 to 12 hours [Option ID = 5188]

98) What is the commonest cause of Postpartum Hemorrhage?[Question ID = 1298][Question Description = 198_356_NURS_FEB22_Q98]

1. Atonicity of uterus [Option ID = 5189]
2. Sub involution [Option ID = 5190]
3. Birth Injury [Option ID = 5191]
4. Puerperal sepsis [Option ID = 5192]

99) Hallucinations are seen in all EXCEPT[Question ID = 1299][Question Description = 199_356_NURS_FEB22_Q99]

1. Schizophrenia [Option ID = 5193]
2. Seizure due to intracerebral space occupying lesions [Option ID = 5194]
3. LSD [Option ID = 5195]
4. Anxiety [Option ID = 5196]

100) Which of the following committee recommended the implementation of PHC under Public Health Care system in India? [Question ID = 1300][Question Description = 200_356_NURS_FEB22_Q100]

1. Kartar Singh Committee [Option ID = 5197]
2. Bhore Committee [Option ID = 5198]
3. Mudaliyar Committee [Option ID = 5199]
4. High Power Committee [Option ID = 5200]
