The SC said, "Postings within the state cadre as well as joint cadre of a constituent state shall be made by the 'government of that state', that is, by the duly elected government. In our case, it shall be the government of NCTD. We, accordingly, hold that references to 'state government' in relevant rules of All India Services or joint cadre services, of which NCTD is a part or which are in relation to NCTD, shall mean the government of NCTD."

CJI Chandrachud said this case dealt with the asymmetric federal model of governance in India involving the contest of power between a Union Territory and the Union government. The issue was who would have control over 'services' in NCTD a government of the NCTD or the LG acting on behalf of the Union government a question which arose subsequent to a May 21, 2015, notification by the Union ministry of home affairs that gave the upper hand to the centre on 'services' in relation to the government of NCTD.

While ruling that Delhi government had legislative and executive power over services except on land, police and public order, the bench, importantly, said GNCTD being one of its kind ("sui generis") Union Territory, parliament would have overriding legislative power over all subjects in list 2 (which are exclusive domains of state legislatures) and List 3 (Concurrent List subjects on which both parliament and assemblies can legislate with primacy given to parliament enacted laws). This means, if the Delhi assembly enacts any law on any subject, parliament can pass a law "adding, amending and repealing" the legislation passed by the Delhi assembly.

Dwelling on federalism and responsibilities of an elected government, the CJI said, "In a democratic form of government, the real power of administration must reside in the elected arm of the state, subject to the confines of the constitution. A constitutionally entrenched and democratically elected government needs to have control over its administration. If a democratically elected government is not provided with the power to control the officers posted within its domain, then the principle underlying the triple chain of collective responsibility would become redundant." It explained the triple chains as civil service officers being accountable to ministers, ministers being accountable to parliament/legislature and parliament/legislature being accountable to the electorate.

"That is to say, if the government is not able to control and hold to account the officers posted in its service, then its responsibility towards the legislature as well as the public is diluted. The principle of collective responsibility extends to the responsibility of officers, who in turn report to the ministers," the SC said.

Taking into account the AAP government's allegation that bureaucrats were not listening to ministers in the elected government because of the centre's interference, the five-judge bench said, "If the officers stop reporting to the ministers or do not abide by their directions, the entire principle of collective responsibility is affected.

"A democratically elected government can perform only when there is an awareness on the part of officers of the consequences which may ensue if they do not perform. If the officers feel that they are insulated from the control of the elected government which they are serving, then they become unaccountable or may not show commitment towards their performance."

Explaining the risks of an unaccountable bureaucracy in a democratic form of governance where accountability is well defined under the triple chain of command, the bench said, "An unaccountable and non-responsive civil service may pose a serious problem of governance in a democracy. It creates a possibility that the permanent executive, consisting of unelected civil service officers, who play a decisive role in implementation of government policy, may act in ways that disregard the will of the electorate."

Sub questions

Question Number : 1 Question Id : 9209065262 Question Type : MCQ Option Shuffling : No Is Question Mandatory : No Calculator : None Response Time : N.A Think Time : N.A Minimum Instruction Time : 0

Correct Marks : 4 Wrong Marks : 1

Responsibility towards public is dituted means:

- (1) Complete failure in taking responsibility for the public.
- (2) The responsibility was not properly taken care of.
- (3) The responsibility became thinner.
- (4) More responsibilities were added to the last meant for public.

Options :

- 92090620801. 1
- 92090620802. 2
- 92090620803. 3
- 92090620804. 4

Given below are two statements: One is labelled as Assertion (A) and the other is labelled as Reason (R).

Assertion (A) : Radiological disasters involve release of radiation from non-nuclear source

Reasons (R) : Nuclear disasters involve release of radiations from nuclear source

In the light of the above statements, choose the most appropriate answer from the options given below :

- (1) Both (A) and (R) are correct and (R) is the correct explanation of (A)
- (2) Both (A) and (R) are correct but (R) is NOT the correct explanation of (A)
- (3) (A) is correct but (R) is not correct
- (4) (A) is not correct but (R) is correct

Options :

नीचे दो कथन दिए गए हैं: एक अभिकथन (Assertion A) के रूप में लिखित है तो दूसरा उसके कारण (Reason R) के रूप में;

अभिकथन A : विकिरण विज्ञानी आपदानों नाभिकीय में गैर नाभिकीय स्रोत से विकिरण निकलना शामिल है।

कारण R : नाभिकीय आपदानों नाभिकीय में नाभिकीय स्रोत से विकिरण निकलना शामिल है।

उपरोक्त कथन के आलोक में, नीचे दिए गए विकल्पों में से सही उत्तर का चयन कीजिए

- (1) A और R दोनों सत्य हैं और R, A की सही व्याख्या है
- (2) A और R दोनों सत्य हैं, लेकिन R, A की सही व्याख्या नहीं है
- (3) A सत्य हैं, लेकिन R असत्य है
- (4) A असत्य नहीं हैं, लेकिन R सत्य है

Which of the following is correct about effect of climate change on coastal area

- (A) Reduced oxygen levels
- (B) Increased coastal flooding and erosion
- (C) increased coral growth.
- (D) sea level rise

Choose the correct answer from the options given below :

- (1) (B) and (D) only
- (2) (A) and (C) only
- (3) (B) and (A) only
- (4) (A) (B), (C), (D) only

Options :

92090621165. 1

92090621166. 2

92090621167. 3

तटीय क्षेत्रों पर जलवायु परिवर्तन के प्रभाव के संबंध में निम्न में से क्या-क्या सही है?

- A. आक्सीजन का घटा स्तर
- B. तटवर्ती क्षेत्र में संवर्धित बाढ़ व क्षरण
- C. संवर्धित मूंगा विकास
- D. समुद्र स्तर में वृद्धि

नीचे दिए गए विकल्पों में से सही उत्तर का चयन कीजिए :

- (1) केवल B और D
- (2) केवल A और C
- (3) केवल B और A
- (4) केवल A, B, C, D

Options :

- 92090621165. 1
- 92090621166. 2
- 92090621167. 3
- 92090621168. 4
