
Section 1 - Module 6

1) Consistency in the assessment involves.

- A) Appropriate of the interpretation
 - B) Achievements of the comparable outcomes
 - C) Administration of the test
 - D) Discrimination
-

2) Analyse refers to the ability to

- A) make judgments about the merits of ideas
 - B) break down a whole into component parts
 - C) use learned material in new and concrete situations
 - D) put parts together to form a new and integrated whole
-

3) Arrange the following steps involved in the preparation of ToS.

- (i) List the content to be tested
- (ii) Determination of learning objectives
- (iii) Determining the different form of Questions
- (iv) Distribution of no. of questions for each unit
- (v) Distribute the question based on the level of learning objectives

- A) (i), (ii), (iii), (iv), (v)
 - B) (ii), (i), (iv), (iii), (v)
 - C) (ii), (i), (iii), (iv), (v)
 - D) (i), (ii), (iii), (v), (iv)
-

4) Psychomotor domain objectives are referring to.

- A) Attitude
- B) Skillset for operating and equipment
- C) Knowledge outcomes
- D) Interest in the story telling

5) Once ToS is prepared for the subject, it _____ for each and every exam

- A) Need to be changed
 - B) Need not be changed up to changed course content
 - C) only weightage of the unit should be changed
 - D) only weightage of the ability need to be changed
-

6) In the question paper, supply type question item can be used to assess the _____ ability.

- (i) Student's creativity in organize the answer
- (ii) Problem solving skills
- (iii) Recall the correct answer through MCQ
- (iv) Correctness of the statement using True or False

- A) (i) and (ii)
 - B) (iii) and (iv)
 - C) (i), (ii) and (iii)
 - D) (i), (ii), (iii) and (iv)
-

7) _____ weightage has to be given for some of the units which need high retention rates to understand the other subjects in the same programme.

- A) More
 - B) Less
 - C) Equal
 - D) No
-

8) Formative Assessment focus on _____

- A) student performance at the beginning of instruction
- B) monitor learning progress during instruction and provide feedback
- C) assess achievement at the end of instruction
- D) Lifelong learning

9) Structured essay question is more appropriate than fully open ended essay type of question, the reason is to.

- A) Decrease the reliability
 - B) Decrease the validity
 - C) Increase the ambiguity
 - D) Increase the reliability and validity
-

10) The preparation of question paper for the summative assessment is mainly based on

- A) Level of the Domain
 - B) ToS
 - C) Content
 - D) Objectives
-

11) What kind of characteristic in an assessment measures what it is intended to measure or suppose to measure

- A) Valid
 - B) Invalid
 - C) Reliable
 - D) Unreliable
-

12) Learning is a _____ that leads to change in Behaviour

- A) Process
 - B) Product
 - C) Belief
 - D) Performance
-

13) Prior knowledge helps to

- A) Avoid applying the knowledge to wrong context
 - B) Leads to applying the knowledge to wrong context
 - C) Obstruct Rethink inaccurate knowledge
 - D) Limit the understating
-

14) In your subject, you wanted to make the student to think at higher order level. Which kind of question is suitable

- A) Re code question
- B) Remember question
- C) Problem solving question
- D) Closed ended question

15) Construct validity is a notion that refers to:

- A) The notion that scores on a test correlate highly with scores from tests that measure the same attribute.
 - B) The level of which a construct is related to other similar measures.
 - C) The degree to which the items in the test consistently relate to each other.
 - D) The test will produce consistent results
-

16) Which test is designed to measure student's performance according to a specific achievement

- A) Criterion Referenced Test
 - B) Norm Referenced Test
 - C) Achievement Test
 - D) Diagnostic Test
-

17) You have handled a session on a specific topic to your students. After attending the class, you wish to know the student interest on the topic. which assessment procedure can be used to find out the interest rate of the student on the topic?

- A) Assessment through MCQ
 - B) Direct Assessment
 - C) Indirect Assessment through Survey
 - D) Differentiated Assessment
-

18) Which is implied by a positively skewed scores distribution?

- A) The mode is high.
 - B) The mean, the median, and the mode are equal.
 - C) Most of the scores are high.
 - D) Most of the scores are low.
-

19) ToS is _____ dimensional table

- A) Single
- B) Two
- C) Three
- D) Four

20)

S.No	Premises	Responses
1	Completion	i)It can be used as a part of formative and summative assessment with limited answer
2	Short answer	ii)In these type of questions are noted for their ambiguity and vagueness
3	Essay	iii)Measure lower levels of cognitive ability
4		iv)Problem solving skills

- A) 1-ii,2-iii,3-i
 B) 1-iii,2-i,3-ii
 C) 1-i,2-ii,3-iii
 D) 1-iii,2-i,3-iv

21) Test – Retest method is followed in the

- A) Validity
 B) Reliability
 C) Usability
 D) Objectivity

22) In a normal distribution, which of the following is true?

- A) Median is not equal to Mode but is equal to mean.
 B) Median is not equal to Mode and is not equal to mean.
 C) Median is equal to Mode but not equal to mean.
 D) Mean, Median and Mode are equal to one another

23) When you writing the learning outcome, the learning outcome should begin with

- A) A learning verb
 B) A measurable action verb
 C) A process verb
 D) A list

24) The Active learning method that provides scope for students to work in groups is called as

- A) Simple Assignment
 B) Seminar
 C) Tutorial
 D) Discussion

25) What type of question allows you to select more than one answer?

- A) Paragraph
 B) Checkboxes
 C) Multiple Choice
 D) List

26) In the learning outcome, one of the component is

- A) Content
 B) Question
 C) Answer
 D) An output

27) Which of the following is the short answer question item

- A) K-Type question item
 B) Multiple response question item
 C) Explain question item
 D) Definition question item

28) Which of the following question type is known as open ended questions.

(i)Short Answer type question

(ii) Multiple Choice Question

(iii) Match the following question

- A) (i) only
 B) (ii) only
 C) (i) and (ii)
 D) (i) ,(ii) and (iii)

29) Item analysis data will lead to

- A) Standardize the test items
 - B) Motivate the students
 - C) Self-learning exercise
 - D) Help the controller of Examination to conduct the exam
-

30) Norm Referenced Test emphasize

- A) Discrimination among individuals in terms of relative level of learning
 - B) Measuring each specific task
 - C) Without altering the learning difficulty
 - D) Delimited achievement domain
-

31) TOS Blueprint for the teachers, provides _____ for setting the question paper for the test.

- A) detailed content
 - B) detailed curriculum
 - C) detailed plan of action
 - D) detailed outcome
-

32) An assessment is _____ if it consistently achieves the same results with the same students.

- A) Valid
 - B) Invalid
 - C) Reliable
 - D) Unreliable
-

33) Procedural knowledge is referred as

- A) Knowing how
 - B) Knowing what
 - C) Describe
 - D) Characteristics
-

34) A common way to send or distribute your Google Form is

- A) Copy questions to Google Docs
- B) Print out the questions
- C) Distribute using a PDF file
- D) Share a link with users

35) which one of the following is a scoring guide is used to evaluate the qualitative performance of the student based on the different criteria.

- A) Rubrics
 - B) Scale
 - C) Inventories
 - D) Notebook scale
-

36) Teaching is a _____, where effective teachers can organize the environment to provide students with active and authentic tasks which aims to meet the outcomes at end of the instruction

- A) Product
 - B) Process
 - C) feedback
 - D) routine work
-

37) Which of the following is NOT a Google Forms question type?

- A) Short answer
 - B) Linear scale
 - C) Multiple Choice
 - D) True/False
-

38) From the following statements in the MCQ item, which is the NOT a correct statement?

- A) The stem should be meaningful by itself
 - B) The stem should not contain irrelevant material
 - C) The stem should be a question or a partial sentence
 - D) All alternatives should not be plausible
-

39) ToS relates to

- A) Instructional objectives to the course content
- B) Characteristics to the course content
- C) Reliability to the validity
- D) Reliability to the course content

40) Question item discriminating index D is equal to

- A) The difference between proportion of examinees in the top group getting the item correct and proportion of examinees in the bottom group getting the item correct
 - B) The multiplication of between proportion of examinees in the bottom group getting the item correct and proportion of examinees in the top group getting the item correct
 - C) The summation of proportion of examinees in the bottom group getting the item correct and proportion of examinees in the top group getting the item correct
 - D) Number of examines correctly answered the item divided by total number of candidates
-

41) The content of a portfolio is largely based on

- A) the goal and purpose of the portfolio
 - B) the characteristics of the student evaluated
 - C) the length of the portfolio
 - D) Student score in academic performance only
-

42) Which of the following verbs is at greatest risk for misinterpretation and very difficult to measure with respect to learning?

- A) List
 - B) Construct
 - C) Understand
 - D) Demonstrate
-

43) Student's _____ prior knowledge hinder learning and for any activity in the classroom

- A) Accurate
 - B) Sufficient
 - C) Inaccurate
 - D) Appropriate
-

44) _____ is used for prepare the rubrics

- A) Google Calendar
- B) Rubistar
- C) Hotpotatoes
- D) Canvas

45) Factors need to be considered to assign weightage for each unit of the course

- A) Usefulness of the content of the unit in the student's job or everyday life
 - B) Validity of the content
 - C) Reliability
 - D) Content in various level of Bloom's Taxonomy
-

46) An assessment that is conducted prior to the start of teaching or instruction in the classroom is called.

- A) preparative assessment
 - B) Formal assessment
 - C) Formative assessment
 - D) Summative assessment
-

47) Your course may have lower order and higher order thinking Cognitive assessments involve intellectual activities such as skills. Which of the following is NOT a lower-level thinking process?

- A) Reciting number facts
 - B) Writing spelling words
 - C) Matching states to their capitals
 - D) Explaining a concept in one's own words
-

48) Standardized test are _____?

- A) Conducted with difined conditions
 - B) Questioning in the classroom
 - C) Observing the students in the classroom
 - D) Conduct the test only for specific set of student
-

49) Constructivism is a philosophy of learning found on the premise that, by reflecting on our _____

- A) experiences
- B) behaviour
- C) cognitive structures
- D) practices

50) A student portfolio is a _____ of pieces of student work

- A) Computer File
 - B) Purposeful collection
 - C) System folder
 - D) Location
-

51) Declarative knowledge can be thought of as

- A) Doing what
 - B) Knowing what
 - C) Engaging
 - D) Characteristics
-

52) which type of questioning is suitable when the students not able to proceed further in their concepts due to identify the exact details?

- A) Leading Questions
 - B) Closed End Question
 - C) Rhetorical questions
 - D) Open End Questions
-

53) The characteristic validity of the assessment tools refers to.

- A) Appropriate of the interpretation
 - B) Consistency of the assessment results
 - C) Administration of the test
 - D) Usability condition of the assessment
-

54) Affective domain objectives are referring to

- A) Attitude
 - B) Motor skills
 - C) Knowledge outcomes
 - D) Intellectual abilities
-

55) Which kind of assessment is used to grade the student at end of the instruction?

- A) Preparative Assessment
- B) Diagnostic Assessment
- C) Formative Assessment
- D) Summative Assessment

56) Which of the following is NOT a form of measurement validity?

- A) Concurrent validity
 - B) Face validity
 - C) Content validity
 - D) Construct validity
-

57) Google form can be used to

- A) Prepare a survey
 - B) Publish the learning material
 - C) Demonstrate the virtual lab
 - D) Send a mail
-

58) Which one of the following is major limitations of essay type of question.

- A) Reliability of scoring
 - B) usability of scoring
 - C) Measure complex level learning outcome
 - D) Impossible to measure the student knowledge
-

59) Cognitive domain objectives are referring to.

- A) Attitude
 - B) Motor skills
 - C) Knowledge
 - D) Value system of education
-

60) Which is the most important of characteristic of a good testing tool is.

- A) Validity
 - B) Objectivity
 - C) Discrimination
 - D) Comprehensiveness
-

61) What feature is added to each question when you make a Google Form into a Quiz?

- A) A Response Tab
- B) Add Image option for the question
- C) An Answer Key
- D) A Required toggle switch

62) which of the following is correct to set short answer question?

- A) Define Bernoulli distribution
 - B) What is Bernoulli distribution
 - C) Write you know all about Bernoulli distribution
 - D) Explain in details about Bernoulli distribution.
-

63) Cognitive assessments involve intellectual activities such as

- A) feeling motivated.
 - B) problem Analysis.
 - C) playing a musical instrument.
 - D) maintaining self-control.
-

64) ToS stands for

- A) Table of Specialization
 - B) Table of Specification
 - C) Table of Summative
 - D) Table of Success
-

65) If the proportion passing for the upper and lower group is 0.90 and 0.30 respectively, what is the discrimination index?

- A) 0.60
 - B) 1.20
 - C) 0.76
 - D) 0.42
-

66) Which domain of Learning is difficult to measure through direct assessment

- A) Cognitive
 - B) Affective
 - C) Psychomotor
 - D) Knowledge
-

67) Behaviour theorists define learning is the acquisition of

- A) new behaviour.
 - B) explore old behaviour
 - C) experience
 - D) mental process
-

68) The test is an instrument which is used to measure the

- A) type of the students
 - B) behaviour of the students on the content
 - C) different capability of the students
 - D) type of the class
-

69) In a negatively skewed distribution, the following statements are true EXCEPT

- A) Median is lower than the Mode.
 - B) Mean is not higher than the Median.
 - C) Mode is less than the Median.
 - D) Mean is lower than the Mode.
-

70) Solve a problem with standard formulae and getting the correct solution is

- A) Creative problem
 - B) Open ended Problem
 - C) Closed Ended Problem
 - D) Innovative problem
-

71) In the different assessment procedure, which one of the assessment procedure gives the exact demonstrable learning outcome of the student

- A) Direct Assessment
 - B) Indirect Assessment
 - C) Private Assessment
 - D) Confidential Assessment
-

72) In general when you are setting the completion type item in the question paper, which of the following answer is correct?

- A) Completion type item can measure higher levels of cognitive ability
 - B) Completion type item can usually under the selection type
 - C) Completion type items are very difficult to construct
 - D) Completion type items can measure lower order of cognitive ability.
-

73) Upon completion of the course _____ outcomes achieved by students

- A) Micro level learning outcomes
 - B) Course outcomes
 - C) Programme outcomes
 - D) Lesson learning outcomes
-

74) If there are 26 out of 50 students with the correct response to item # 1, find the item's difficulty index.

- A) 0.24
 - B) 1.0
 - C) 1.92
 - D) 0.52
-

75) Students' _____ determines, directs, and sustain their learning

- A) Motivation
 - B) Direction
 - C) Task
 - D) Behavior
-

76) The most relevant type of validity for the purpose of measurement of academic achievement is

- A) Construct Validity
 - B) Criterion validity
 - C) Content validity
 - D) Conditional validity
-

77) What is the term used to describe outcome that require memorization?

- A) Design an application
 - B) Recall a principle
 - C) Analysis of the principle
 - D) Evaluate the system
-

78) _____ is a collection of electronic evidence assembled and managed by a user demonstrating his/her abilities and platforms for self-reflection

- A) E-mail
 - B) e-portfolio
 - C) Wikipedia
 - D) Programmed learning
-

79) What is the advantage to do objective type tests with one of the MCQs have over essay tests.

- A) Easier to interpret
 - B) Require less technical knowledge
 - C) Sampling content can be wider
 - D) Takes less time to prepare
-

80) If a test item has a difficulty index of 0.06, how would you describe the test item?

- A) It is very difficult.
 - B) It is moderately difficult.
 - C) It is very easy.
 - D) It is difficult.
-

81) You are having the learning outcomes for your lesson / course. One purpose of a learning outcome is to:

- A) Communicate the expectations and demonstrate outcome
 - B) Confuse the students to get the clarity from them
 - C) Question the teacher to clarify the doubt
 - D) Plan the study timing to enable high retention rate
-

82) When the question is having more than one answer/solution the type of question is

- A) Subjective question
 - B) objective Question
 - C) Direct question
 - D) Indirect question
-

83) Which test is designed to ranks and compares students in relation to one another?

- A) Criterion Referenced Test
 - B) Norm Referenced Test
 - C) Achievement Test
 - D) Diagnostic Test
-

84) Diagnostic Assessment is focus on _____

- A) providing the solution for recurring learning difficulties that are unresolved by the standard corrective procedures
 - B) providing the solution for by the standard corrective procedures
 - C) providing the solution for appearing the test or end exam
 - D) providing solution only for extra-curricular activities
-

85) The formula for computing item difficulty (P- item difficulty, R- number of students got right, T- Number of students who tried)

- A) $P = 100 * R / T$
 - B) $P = T * 100 / R$
 - C) $P = R * T / 100$
 - D) $P = T * R / (T * 100)$
-

86) In the assessment procedure, which of the following will be under direct assessment methodology

- (i) Standard Test
- (ii) Simulation of Experiment
- (iii) Quiz
- (iv) Describing the learning experience

- A) (i) and (ii)
 - B) (iii) and (iv)
 - C) (i), (ii) and (iii)
 - D) (i), (ii) and (iv).
-

87) Entrance Examination for selection of candidates for an academic course should have.

- A) Content validity
 - B) Construct Validity
 - C) Concurrent Validity
 - D) Predictive Validity
-

88) Which is an example of a student portfolio assessment?

- A) Student social status over the time
 - B) Student Physical growth over a time.
 - C) Student Mental Growth over the time.
 - D) Student Academic and Exemplary work over the time
-

89) Solve a problem with multiple strategies or not with standard formulae and get the correct solution

- A) Open Ended Problem
 - B) Closed Ended problem
 - C) Questioning problem
 - D) Problem with lower order ability
-

90) The result of the test given by Teacher A showed a negatively skewed distribution. What kind of test did Teacher A give?

- A) The test is difficult.
 - B) It is easy.
 - C) It is moderately difficult.
 - D) It is not too easy nor too difficult.
-

91) which of the following are the three steps in the instructional process?

- A) Planning instruction, delivering the instruction, and assessing learning outcomes
 - B) Planning instruction, selecting a textbook, and assessing the learning outcomes.
 - C) Planning instruction, assessing learning outcomes, and reporting to parents.
 - D) Selecting a textbook, assessing learning outcomes, and delivering instruction.
-

92) Which one of the following is NOT the guideline of the portfolio

- A) The uses that will be made of the portfolio
- B) Who will have access to it
- C) What kind of work appropriate to include
- D) Parent details

93) Closed End Questions in the classroom provides

- A) detail answer for the question
 - B) very simple Boolean type of answer to the question
 - C) facts and figures of the subject
 - D) different learning difficulties of the subject
-

94) Which of the following actions would you take for an item whose difficulty index is 0.65?

- A) Retain or include the test item.
 - B) Discard the test item.
 - C) Revise or change the test item.
 - D) Replace the test item
-

95) Ensuring the quality of the test tool is

- A) Not essential
 - B) Essential for all kind of assessment
 - C) Essential only for assessment as learning
 - D) Essential only for assessment of learning
-

96) Which of the following refers to concurrent validity?

- A) Two tests are done at the same time.
 - B) Two or more evaluators agree on the outcome.
 - C) The items on the test consistently relate to each other.
 - D) The notion that scores on a test correlate highly with scores from tests that measure the same attribute.
-

97) The higher order thinking skills of the students and complex learning outcomes could be tested by

- A) Completion type question
 - B) Short answer type question
 - C) MCQ type question
 - D) Numerical Problem Solving type question
-

98) In portfolio assessment, a benchmark is used to

- A) increase the validity of a rubric
 - B) increase the reliability of a rubric
 - C) increase the length of a rubric
 - D) increase the number of criteria of a rubric
-

99) Conceptual Knowledge can be referred as

- A) Knowing how
 - B) Knowing what
 - C) Knowing why
 - D) Engaging
-

100) What Google Forms feature can give your work a more consistent and professional look?

- A) Design Themes
- B) Responses Tab
- C) Color Palette
- D) Common Forms
