Read the given passage and answer the questions that follow :

Workforce is vital for any organisation. All organisations are manned by people, regardless of their size or extent of its resources. The overall performance and profitability of any organisation is largely dependent on the quality of its manpower i.e. the capabilities and performance of its human resource. Let us take a closer look at the role and responsibilities of professionals in the field of Human Resource Management (HRM).

Let us first understand HRM. It can be defined as a strategic and coherent approach to the management of an organisation's most valued assets - its human capital i.e. the people working in the organisation, who individually and collectively contribute to the achievement of the organisational, goals effectively and efficiently. HRM also focuses on maximising the capabilities and performance of the workforce. Thus:

HRM is concerned with getting better results with the collaboration of people by focussing on 'people' issues, and refers to all of the activities implemented and used to effect the behaviors of employees. HRM is an integral but distinctive part of management, which helps in attaining maximum individual development, by providing desirable working conditions and improving relationships between employees and employers as well as among the employees themselves.

HRM is a multi-faceted process involving various areas like selection and placement of personnel, their induction and training, performance appraisal, career planning and potential development of personnel etc. It also includes motivation, leadership, management of resources, and training and development of the entire work force within an organisation.

HRM also includes Human Resource Development (HRD). HRD is the process of increasing the knowledge, skills and capacities of the personnel in the organisation. It also aims at getting the best out of the members of the organisation. A productive workforce contributes towards the economic gains of the organisation.

निम्नलिखित गद्यांश को ध्यानपूर्वक पढ़िए और उस पर आधारित प्रश्न का सटीक उत्तर दीजिए (लगभग 250 शब्द)।

यदि कोई शासन सामाजिक व्यवस्था के स्वरूप को इतना विकृत हो जाने देता है कि उसमें मानव सभ्यता के श्रेष्ठतर अनुभवों का संसार केवल मुट्ठी भर लोगों के लिए ही रह जाए तो इसे निश्चित रूप से समतावादी और राजतांत्रिक सिद्धांतों के विपरीत कहा जाएगा। ऐसी व्यवस्था हमारी श्रेष्ठतम किन्तु बहुत कुछ अमूर्त उपलब्धियों को कुछ चुनिन्दा लोगों तक सीमित रख कर जनसामान्य को केवल सस्ते, घटिया और भोंडे खिलौने से बहलाने की मंशा रखती है। कला के श्रेष्ठतम रूप और उपलब्धियाँ एक जनतन्त्र में जनसामान्य को उपलब्ध होनी चाहिए क्योंकि पूरी तरह न समझी जाने पर भी वे अवश्य उन्हें प्रभावित करेंगी। केवल सस्ती लोकप्रियता की इच्छा से उनका स्तर गिराना या उनके स्वरूप को सस्ता व अपसंस्कृत बनाना आम लोगों की रुचियों के परिष्कार के प्रयासों के प्रति लापरवाही बरतना है। वह स्वच्छन्द समाज जो लोगों को केवल उनकी सहजात पशु प्रवृत्तियों की तुष्टि द्वारा खुश करने की कोशिश करता है मूलतः एक पतनशील समाज है और उसके निर्माताओं की रुचि मानव कल्याण में न होकर केवल अपने स्वार्थों की पूर्ति अथवा अपने लिए अधिकाधिक धनार्जन में ही हो सकती है।
