Read the passage carefully and answer the following questions :

Sycophant comes to us from the Greeks. According to the Shipley's Dictionary of word origins :

The Greeks had a name for it ; fig shower, used for people who turn on each other and latter superiors for personal gains. Habit of sycophany is to gather favours by being servile to one's superiors, remaining in their good graces, and dehumanising other people to be insidious and conniving. Such people are considered unmotivated, lazy and opportunists.

Read the passage carefully and answer the following questions :

Sycophant comes to us from the Greeks. According to the Shipley's Dictionary of word origins :

The Greeks had a name for it ; fig shower, used for people who turn on each other and latter superiors for personal gains. Habit of sycophany is to gather favours by being servile to one's superiors, remaining in their good graces, and dehumanising other people to be insidious and conniving. Such people are considered unmotivated, lazy and opportunists.

Read the passage carefully and answer the following questions :

Miss Bates, a character in the novel Emma, by Jane Austen says :

'So obliging of you! No, we should not have heard, if it had not been for this particular circumstance, of her being able to come here so soon. My mother is so delighted. For she is to be three months with us at least. The Campbells are going to Ireland. Mrs. Dixon has persuaded her father and mother to come over and see her directly. She wrote a very urgent letter to her mother, or her father, I declare I do not know which it was but we shall see presently in Jane's letter.
