Ram had never thought much about the origin of wealth or inequalities in life. It was his firm belief that if this world was not good, the next would be good and this faith sustained him. He was not like others whom he knew, who would sell their souls to the devil. He always thought of God before doing anything. He lived the life of an honest man.

Ram had never thought much about the origin of wealth or inequalities in life. It was his firm belief that if this world was not good, the next would be good and this faith sustained him. He was not like others whom he knew, who would sell their souls to the devil. He always thought of God before doing anything. He lived the life of an honest man.
